## MESSAGE

I am pleased to learn about the publication of the Main Report on the All India Survey on Higher Education (AISHE). The Report will surely be instrumental in bringing about an understanding of the present system of Higher Education, which is in a robust phase today. The AISHE has been a beacon of hope for the Government, which wants to present a correct and complete picture of the development of the sector of higher learning, with respect to every aspect of its Institutions. The Survey has built an extensive database on Higher Education, which would help the decision makers as well as the stakeholders in this sector to make informed decisions and plan for the future. The Report is also a means to tackle the challenges presented by the future. This Report and similar documents based on AISHE, which will be published in due time, would be a bedrock of information upon which the future infrastructure in the field of Higher Education would be built. I am confident that the AISHE document would provide great assistance in terms of timely and insightful statistical information on the developments as well as shortcomings in the system. There is no doubt that the information would be crucial for effective implementation of government policies. I extend my heartfelt congratulations to the Institutions of Higher Education, the Regulatory Bodies and the State Governments for their vigorous participation in this Survey. I would also like to appreciate the work put in by the Statistics Division, MHRD, NIC, NUEPA and UGC in making the Survey a resounding success.

## **FOREWORD**

I am pleased to learn about the release of first Report on the All India Survey on Higher Education (AISHE). It is a well known fact that an extensive database of statistics plays a critical role in providing decision makers as well as the stakeholders an opportunity to make informed decisions and plan for the future. In keeping with this spirit, the Report will bring about a better understanding of where we stand today in Higher Education both in the country as well as elsewhere.

I am confident that the AISHE document would be helpful in planning the future of education system. I extend my heartiest congratulations to the Institutions of Higher Education, the Regulatory Bodies and the State Governments for their enthusiastic participation in this Survey.

I would also like to appreciate the work put in by the Statistics Division of the Ministry of Human Resource Development, National Informatics Centre, National University of Educational Planning & Administration and University Grants Commission in making the Survey a success.

(Ashok Thakur)

## Preface

The Report of the All India Survey on Higher Education identifies and captures various aspects of all the institutions of Higher Education in the country. The key idea behind this Survey and the resulting document is to prepare a sound database on the largely diverse system of Higher Education in the country. The Survey compiles and manages the statistics submitted directly online by the respondent institutions. The report brings to you the official data collected on a large number of parameters from across Universities, Colleges and Stand Alone Institutions, in all sectors of Higher Education. The Report also holds an immediate significance in that it creates awareness of the present status of Higher Education system and its growth till date. This is the first report based on the final results of the survey and a few more reports will be brought out subsequently.

The Survey is an ambitious step towards gathering relevant statistics that could guide Governments of States and the Central Government in devising future policies. During 2010-11, 554 Universities, 17023 Colleges and 5713 Stand Alone Institutions have uploaded the proforma on the web portal, specially designed by the National Informatics Centre. This is no mean achievement, given that the entire effort has been voluntary, based on motivation of respondents; and without any statutory mandate in place for collecting information of this nature. The simultaneous input of data by the respondents so far has given the best ever information on Indian Higher Education across sectors.

I extend my gratitude to all the respondent Institutions, especially Universities that have played a key role in providing data as well as in facilitating data uploading from colleges, which are academically associated with them. I am also thankful to the Regulatory Authorities - University Grants Commission, All India Council of Technical Education, Medical Council of India, Indian Nursing Council, Indian Council of Agricultural Research etc. and the State Governments. Their active participation in the Survey, right from facilitating the preparatory work to sensitizing respondents to the collection of statistics, is appreciated. A work of this nature, not attempted hitherto, would not have been possible without the formidable technical support from the NIC, which has dedicated several teams of experts for looking after the technical aspects of the Survey.

R.P. Sisodia  
Joint Secretary

## Key Results of the AISHE 2010-11

- Survey covers entire Higher Education Institutions in the country. Institutions are categorised in 3 broad Categories; University, College and Stand-Alone Institutions. **Lists of 621 Universities, 32974 colleges and 11095 Stand Alone Institutions have been prepared during the survey.**
- 554 Universities, 17023 Colleges and 5713 Stand Alone Institutions have responded. Out of 554 universities, 225 are affiliating.
- Whole survey was conducted through online mode for which a dedicated portal (<http://aishe.gov.in>) has been developed. The e-version of DCF expands according to the structure/size of the Institution. No investigator is sent to the Institution to collect the data. One unique feature is that the filled in DCFs are always available on the portal, which can be seen by the Institutions and higher level authorities.
- 178 Universities are privately managed. 200 Universities are located in rural area.
- 7 Universities are exclusively for girls, 2 in Tamil Nadu and 1 each in Andhra Pradesh, Haryana, Karnataka, Maharashtra and Rajasthan.
- In addition to 1 Central and 13 State Open Universities, there are 95 Dual mode Universities, which offer education through distance mode. Out of 95 Dual mode Universities, maximum (18) are in Tamil Nadu.
- There are 89 Technical, 34 Agriculture, 25 Medical, 17 law and 9 Veterinary Universities.
- The top 6 States in terms of highest number of colleges in India are Andhra Pradesh, Maharashtra, Uttar Pradesh, Karnataka, Rajasthan and Madhya Pradesh.
- Bangalore district tops in terms of number of colleges with 885 colleges followed by Hyderabad with 554 colleges. Top 50 districts have about 40% of colleges.
- College density, i.e. the number of colleges per lakh eligible population (population in the age-group 18-23 years) varies from 5 in Bihar and Jharkhand to 54 in Puducherry as compared to All India average of 23.
- 54.3% Colleges are located in Rural Area. 9.1% Colleges are exclusively for Girls.
- Only 1.9% Colleges run Ph.D. and 33.4% Colleges run Post Graduate Level programmes.

- There are 33.8% Colleges, which run only single programme, out of which 81.1% are privately managed. Among these, 36.6 % colleges run B.Ed Courses only.
- 73% Colleges are privately managed; 59% Private-unaided and 14% Private-aided. Andhra Pradesh and Tamil Nadu, both have more than 80% Private-unaided colleges, whereas, Bihar has only 5.2% and Assam 12.2% Private-unaided colleges.
- 30% of the Colleges are having enrolment less than 100 only 4% Colleges have enrolment more than 3000.
- **Total enrolment in higher education has been estimated to be 2.75 million with 1.55 million boys and 1.2 million girls. Girls constitute 44% of the total enrolment.**
- **Gross Enrolment Ratio (GER) in Higher education in India is 19.4, which is calculated for 18-23 years of age group. GER for male population is 20.8 and for females it is 17.9. For Scheduled Castes, it is 13.5 and for Scheduled Tribes, it is 11.2% as compared to the national GER of 19.4.**
- Distance enrolment constitutes 12.1% of the total enrolment in higher education, of which 40.1% are female students.
- About 80% students are enrolled in Undergraduate level programme. 77798 students are enrolled in Ph.D. that is less than 0.5% of the total student enrolment.
- Maximum numbers of Students are enrolled in B.A. programme followed by B.Com and B.Sc. programmes. Only 15 Programmes out of approximately 150 cover 82% of the total students enrolled in higher education.
- At Undergraduate, level the highest number (47%) of students is enrolled in Arts/Humanities/Social Sciences courses followed by Engineering & Technology (16%), Commerce (13%) and Science (11%).
- At Ph.D. level, maximum number of students is enrolled in Science stream followed by Social Science. On the other hand at Post Graduate level maximum students are enrolled in Social Science stream and Science comes at number two.
- Uttar Pradesh comes at number one with the highest student enrolment followed by Maharashtra and Andhra Pradesh.
- Scheduled Casts students constitute 11.1% and Scheduled Tribes students 4.4% of the total enrolment. 27.6% students belong to Other Backward Classes. 3.8% students belong to Muslim Minority and 1.8% from other Minority Community.

- The total number of foreign students enrolled in higher education is 27,531.
- The foreign students come from 153 different countries from all across the globe. The top 10 countries constitute 61% of the total foreign students enrolled. Highest share of students come from the neighboring countries, of which Nepal is 18%, followed by Iran (9%), Afghanistan (8%), and Bhutan (5%). Sudan and United States constitutes 4% each and China, Iraq and Sri Lanka constitutes 3% of the foreign students.
- There are more than 70% colleges running in Private sector; aided and unaided taking together, but it caters to only 61% of the total enrolment.
- The total number of teachers in responding Institutions is 7,65,349. Out of which more than half about 62.8% are male teachers and 37.85% are female teachers.
- At all-India level there are merely 59 female teachers per 100 male teachers.
- **Pupil Teacher Ratio (PTR) in Universities and Colleges is 26.4.**
- Among non-teaching staff, the share of Group-C is the highest with 40%, while Group-D seconds it with 33%. Group-A and Group-B comprise of 13 and 14 per cent non-teaching posts respectively.
- The average number of females per 100 male non-teaching staff is 33.

## CHAPTER I – INTRODUCTION

The Government has accorded high priority to the development of social sector and for this purpose a number of flagship programmes are being implemented to build the social infrastructure, especially in the area of education. However, in the absence of an effective institutional mechanism, the statistics reflecting the outcomes of these initiatives of the Government become available only after a considerable time lag and with a number of limitations.

In view of this an effective institutional system was needed to be evolved to get the timely and quality data on the progress achieved in the social sector including education sector, which is having implications for human development. So, M/o Human Resource Development (MHRD) initiated an All India Survey on Higher Education to build a database and to assess the overall picture of higher Education in the country. Database is also required to develop strategic indicators against various goals that clearly identify what would be measured. Monitoring of achievement of targets, annual and cumulative, may also be done on the baseline data.

**1.1 Constitution of Task Force:** A Task Force was constituted with representations from various stake-holders such as Ministry of Human Resource Development (MHRD), University Grants Commission (UGC), All India Council for Technical Education (AICTE), Medical Council of India (MCI), Indian Council of Agricultural Research (ICAR), Central Statistics Office (CSO), Universities, State Higher Education Departments to conceptualise the Survey and to provide technical guidance. The notification on constitution of the Task Force and its Terms of Reference is given at Annexure-1.

**1.2 Identification of Institutions for Coverage**–The Institutions have been classified in following 3 broad categories

- University & University Level Institutions i.e. the Institutions which are empowered to award degree under some Act of Parliament or State Legislature.
- Colleges/Institutions which are not empowered to provide degree in its own name and therefore are affiliated/recognised with Universities.
- Stand-alone institutions (not affiliated with Universities) which are not empowered to provide degree and therefore run Diploma Level Programmes. During 2010-11 survey, 5 types of such Institutions have been

covered. These are, (i) Technical such as Polytechnics & (ii) Post Graduate Diploma in Management recognised by AICTE (iii) Teacher Training such as District Institute of Education & Training recognized by National Council for Teacher Education (iv) Nursing Institutes recognized by Indian Nursing Council and (v) Institutes directly under the control of various Central Ministries.

**1.3 Formulation of Concepts & Definition and Instruction Manual:** All the terms generally used in higher education such as University, college, programme, discipline, faculty, department have been clearly defined in the instruction manual, which also includes item-wise instructions to fill the forms. Concepts and Definitions used in the survey are given at Annexure-2.

**1.4 Preparation of Core List of Higher Education Institutions** – The first and most important and phenomenal task was to compile the core list of Institutions of higher learning. There are numerous players in this field, which are not easily identifiable. Listing of institutions was one of the major components as exhaustive list of all the Institutions of higher learning in the country was not available. The list of all the Universities and the Stand-Alone Institutions has been prepared by adopting the following method:

- Consulting the websites of the State Government Departments, Ministries and Institutions.
- Consulting all the Central Ministries, Councils and State Governments for providing the list of Institutions under their control.

Different colleges are regulated with different regulatory bodies. There are some colleges whose programmes are recognized by more than one regulatory body. To avoid duplication or omission, University was identified as the best source to prepare the list of colleges. Thus, the College list was dynamically generated through University during the survey. Software was designed in such a manner that as soon as the university uploaded its form on the server, college list was automatically populated in the data-base.

A list of 621 Universities and 11095 Stand Alone Institutions has been prepared after updating it during the survey by obtaining updated list from State Nodal Officers. Although the List of Stand Alone Institutions is almost exhaustive, it is still not firm as States are still revising it. Colleges list was prepared through University and a list of 32974 colleges has been generated from the 225 affiliating Universities which have uploaded the form on the portal. It was found during the survey that some of the

Universities have listed those colleges also which have actually been shifted to some newly created universities or set up after 2010-11. This has led to a few cases of duplication and inclusion of a few colleges, which were not in existence during 2010-11. There were 7 affiliating universities which did not upload the form and therefore their colleges' list could not be generated. Thus the college list does not include the colleges affiliated with these 7 universities.

**1.5 Partner Agencies** - A core team of officers from MHRD and UGC was involved in providing technical support, which includes preparation of DCF, providing training in workshops, assisting National Informatics Centre (NIC) in software development etc. National University of Educational Planning and Administration (NUEPA) was entrusted with the responsibility of providing the administrative support. The software support was provided by NIC. Several regulatory authorities also took part by instructing their institutions for providing information in the survey.

Nodal officer has also been appointed in each State to coordinate the survey work. Most of the States have nominated Higher/ Technical Education department as Nodal department/ agency for coordinating the Survey. However, Chandigarh, Jharkhand, Kerala, Odisha, West Bengal and Puducherry have engaged agencies/ Department other than Higher/ Technical Education Department. Andaman & Nicobar Islands, Lakshadweep, Dadra & Nagar Haveli, Jammu & Kashmir did not appoint any nodal Department and therefore the work in these States was directly coordinated by MHRD. Along with State nodal officers, 3 more nodal officers, one each from Directorate of Technical Education (for Polytechnics), SCERT (for DIETs and Teacher Training diploma level institutions) and State Nursing Council have also been appointed to coordinate with Standalone Institutions. The names of these nodal officers are shown at Annexure-3.

**1.6 Mode of Survey** - A dedicated portal (<http://aishe.gov.in>) has been developed with the help of National Informatics Centre (NIC) for collection & compilation of the data. All the Institutions need to register on the portal for accessing the portal and uploading its data. The registrations of the Institutions are approved by appropriate level of officers at State/ Central Level and in case of colleges, by University nodal Officers. The e-version of DCF has been prepared in such a manner that it expands according to the structure/size (Number of Faculties/ Departments, Programmes, etc.) of the Institution. The Data Capture Format is downloaded from the portal, filled off-line and then filled-in DCF is uploaded, which has made it completely paper-less. DCF

has been designed in such a manner that no manual aggregation is required at any level. No investigator is sent to the Institution to collect the data. In fact the nodal officers appointed by the Institutions themselves are the Investigator and they are responsible for filling up the DCF and uploading it on the portal. This eliminates the duplication of effort in data entry once form is uploaded by the Institution. Once data is uploaded by the Institutions, data compilation is done automatically in pre-designed formats. One unique feature is that the filled in DCFs are always available on the portal, which can be seen by the Institutions and higher level authorities and can be modified, whenever required, till survey is closed.

**1.7 Duration of the Survey** - Main Survey started in the month of August, 2011. After testing the software in the field, during the initial 2-3 months, the survey started in full swing in the month of October, 2011 and continued till 06.05.2013. In between Survey for the year 2011-12 was also launched on 21.03.2013, with one of the special features that data, such as basic details, name of faculties/departments and list of programmes can be pre-filled in future survey DCF from the previous filled in DCF with an option to edit pre-filled data.

**1.8 Institutions Uploaded Data under Survey** – During AISHE 2010-11, 554 Universities uploaded the data on the portal out of which 225 had affiliated & constituent colleges, 32974 in number. 17023 colleges, including constituents units/off-campus centres/recognised centres of Universities, have uploaded the form on the portal. As regard to Stand alone Institutions, 5713 have uploaded the duly filled-in form.

State-wise progress is given at **Annexure-4**. All India Summary is given below:

	University	Colleges	Stand Alone
Total	621	32974	11095
Registered	594	20479	6725
Form Uploaded	554 (89.2%)	17023 (51.6%)	5713 (51.5%)

*List of Universities, which did not upload the data during 2010-11 is also shown at Annexure-5.*

## CHAPTER 2 – ANALYSIS

### 2.1 NUMBER OF INSTITUTIONS

#### 2.1.1 University

During 2010-11, list of 621 Universities were prepared and they were requested to upload the data. The state-wise number of universities with types is shown in Table-1. The type-wise details of the 621 Universities are given below. Out of them, 554 Universities uploaded the data during AISHE 2010-11. The names of remaining Universities, which could not upload the data, are listed in Annexure-5.

#### Type-wise details of Universities

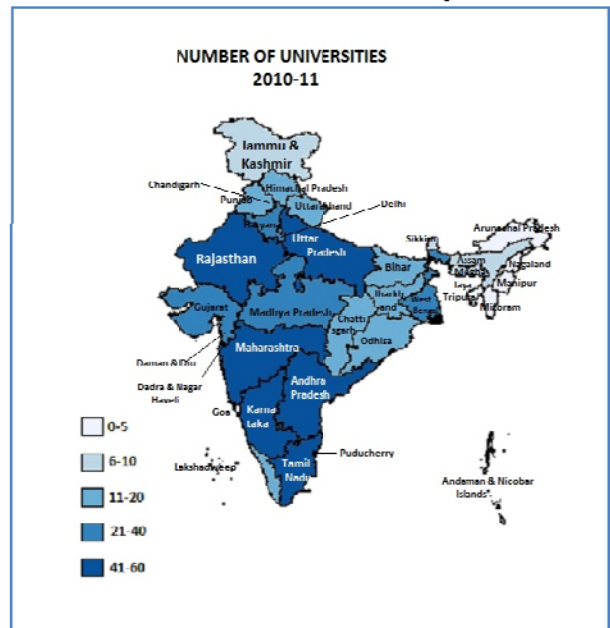

Type of University	Number of Universities	Number of response
Central Open University	1	1
Central University	41	40
Government Deemed University	40	38
Institution Established Under State Legislature Act	5	2
Institution of National Importance	59	54
Private Deemed University	91	83
Private University	87	61
State Open University	13	13
State University	281	260
Others	3	2
<b>Grand Total</b>	<b>621</b>	<b>554</b>

Among 621 Universities, 178 are privately managed. 200 Universities are located in rural area. 7 Universities are exclusively for women, 2 in Tamil Nadu and 1 each in Andhra Pradesh, Haryana, Karnataka, Maharashtra and Rajasthan.

In addition to 1 Central and 13 State Open Universities, there are 95 Dual mode Universities, which offer education through distance mode. Out of 95 Dual mode Universities the most are in Tamil Nadu. Among major states, in Jharkhand, neither there is any Open University nor any Dual Mode University. The state-wise details are given in the Box 1.

<i>Box 1: State-wise Dual Mode Universities</i>	
<i>Tamil Nadu</i>	18
<i>Andhra Pradesh</i>	14
<i>Maharashtra</i>	9
<i>Karnataka, Madhya Pradesh</i>	5
<i>Bihar, Haryana, Kerala, Punjab, Uttar Pradesh</i>	4
<i>Delhi, West Bengal</i>	3
<i>Gujarat, Jammu and Kashmir, Tripura, Uttrakhand</i>	2
<i>Arunachal Pradesh, Assam, Chandigarh, Himachal Pradesh, Meghalaya, Nagaland, Odisha, Puducherry, Rajasthan, Sikkim</i>	1

Map 1: NUMBER OF UNIVERSITIES AND COLLEGES 2010-11

Among specialised Universities, the maximum are Technical Universities. The distribution among different specializations is shown in the Figure 1. State-wise distribution of Universities as per specialisation is shown in Table-2.

In 15 States/ Union Territories, namely, Arunachal Pradesh, Assam, Bihar, Chhattisgarh, Goa, Gujarat, Haryana, Karnataka, Kerala, Maharashtra, Manipur, Mizoram, Nagaland, Odisha, Tripura, all the Universities uploaded the data. In 4 Union Territories namely Andaman & Nicobar Islands, Dadra & Nagar Haveli, Daman & Diu and Lakshadweep, there are no Universities.

Figure 1: Distribution of Responding Universities as per Specialisation

State	Number of non response
Andhra Pradesh	1
Chandigarh	1
Delhi	5
Himachal Pradesh	1
Jammu and Kashmir	2
Jharkhand	3
Madhya Pradesh	3
Meghalaya	4
Puducherry	2

<b>Total</b>	<b>67</b>

Among the non-responding universities mostly were private universities, approximately 30%. All the Central Universities under MHRD, Indian Institutes of Technology, Indian Institutes of Information Technology and National Institutes of Technology uploaded the data. All the 14 open Universities also uploaded the data. Indian Maritime University, Tamil Nadu, was the only Central University, which could not upload the data. There are 225 affiliating Universities. Apart from these, there are 7 more such Universities, which have not uploaded the data and have affiliated colleges as per the UGC.

**Box 3: Type-wise details of Non-responding Universities**

Type of University	Number of non response	Number of response
Central Open University		1
Central University	1	40
Government Deemed University	2	38
Institution Established Under State Legislature Act	3	2
Institution of National Importance	5	54

<b>Grand Total</b>	<b>67</b>	<b>554</b>

**2.1.2 College**

Only affiliated and constituent institutions of Central and State Universities have been counted as colleges. Constituent units of deemed/private universities, Off-campus centres and Recognised centres have not been counted as Colleges. There are 225 affiliating Universities and these have 32974 colleges. There are 7 more affiliating Universities, which did not upload the data. There are 14 Universities, which have 500 or more colleges. The number of Universities among different ranges of colleges is shown in the Box 4. Rajasthan University has the maximum number of colleges (990).

**Box 4: Number of Universities as per range of Colleges**

Range Number of Colleges	Number of University	Cumulative number of University
0- 100	123	123
100- 200	46	169
200- 300	23	192
300- 400	15	207
400- 500	4	211
500- 1000	14	225

**Box 5: Non-Responding Affiliating Universities**

1. Sidou Kanhu Murmu University, Dumka, Jharkhand (17)
2. Rajasthan University of Health Sciences, Jaipur, Rajasthan (231)
3. Tamil Nadu Dr. M.G.R. Medical University, Chennai, Tamil Nadu (290)
4. Gautam Buddha Technical University, Lucknow, Uttar Pradesh (618)
5. Mahamaya Technical University, Noida, Uttar Pradesh
6. Uttaranchal Sanskrit University, Hardwar, Uttarakhand (47)
7. North Bengal University, Darjeeling, West Bengal (84)

*Number in parentheses shows approximate number of colleges, according to UGC.*

There are wide variations in number of colleges per state and also per district. Top 10 districts and number of colleges in those districts are shown below. In these 10 districts almost 14% colleges are located. Top 50 districts have about 40% of colleges. Number of districts in different ranges of number of Colleges is shown below. State-wise number of districts in different ranges of number of colleges is given at Table-3.

District Name	Number of Colleges
Bangalore	885
Hyderabad	544
Jaipur	486
Nagpur	454
Pune	430
Rangareddy	423
Mumbai	338
Bhopal	324
Chittoor	288
Guntur	283

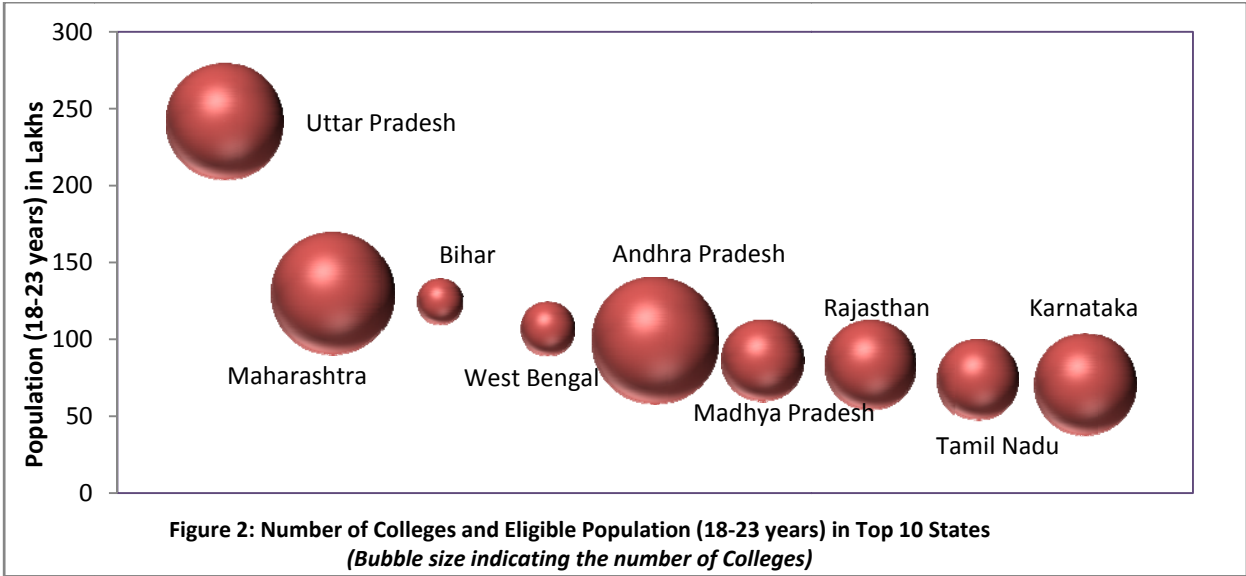

Number of College	Number of districts
Less than 10	156
10 -19	87
20 -49	191
50 -99	110
100 -199	70
200 -299	16
300 -399	2
400 -499	4
500 -999	2

College density, i.e. the number of colleges per lakh eligible population (population in the age-group 18-23 years) varies from 5 in Bihar and Jharkhand to 54 in Puducherry as compared to All India average of 23. The top 6 States in terms of highest number of colleges in India are Andhra Pradesh, Maharashtra, Uttar Pradesh, Karnataka, Rajasthan and Madhya Pradesh and out of them all States have more than 23 colleges per lakh population except Uttar Pradesh. In Andhra Pradesh, there are 4780 colleges and for every one lakh population there are 48 colleges. Similarly, Maharashtra comes close second with 4512 colleges and 35 colleges per lakh population which is lower in comparison to the ratio of A.P. In U.P. there are 4049 colleges but the colleges per lakh

population are only 17 which make the ratio of U.P. the lowest in these top 6 States. Karnataka on the other hand has the highest ratio with 3098 colleges in all and 44 colleges per lakh population. Rajasthan is fifth with 2435 colleges and 29 colleges per lakh population. M.P. lastly has 2009 colleges and 23 colleges for every one lakh persons. State-wise list of number of colleges and the density are shown in Table 4.

**54.3% Colleges are located in Rural Area**

**9.1% Colleges are exclusively for Girls**

Most of the Colleges run only Under Graduate level programmes. Only 1.9% and 33.4% Colleges run Ph.D. and Post Graduate Level programmes respectively.

There are 33.8% Colleges, which run only single programme, out of which 81.1% are privately managed. Among these, 36.6 % colleges run B.Ed Courses only.

**2.1.2(a) Management-wise number of Colleges**

Majority of the Colleges, (73%) are privately managed. Out of which, 59% are Private-unaided and 14% are Private-aided. Remaining 27% are Government colleges. State-wise, Management-wise distribution of Colleges is shown in Table-5. There are wide variations among states in number of private colleges.

Among the major states, Andhra Pradesh and Tamil Nadu, both have more than 80% Private-unaided colleges, whereas, Bihar has only 5.2% and Assam 12.2% Private-unaided colleges.

**2.1.2(b) Size of Colleges**

Majority of colleges are smaller in terms of enrolment. 30% of the Colleges are having enrolment less than 100 and 36% of the colleges have student strength 100 to 500 which

means 66% of the colleges enroll less than 500 students. Only 4% Colleges have enrolment more than 3000.

College Enrolment	Number of Colleges	Cumulative %
0-50	1506	9.1%
50-100	3256	28.9%
100-200	2573	44.5%
200-500	3439	65.3%
500-1000	2298	79.2%
1000-2000	2038	91.6%
2000-3000	712	95.9%
>3000	677	100%

### 2.1.3 Stand Alone Institution

Stand Alone Institutions can be categorised into 5 categories as described below:

Type I- Diploma Level Technical Institutes such as Polytechnics, which are generally recognised by All India Council for Technical Education (AICTE) and administered by State Directorate of Technical Education.

Type II- Diploma Level Teacher Training Institutes including District Institute of Education & Training (DIETs) recognised by National Council for Teacher Education (NCTE) and generally administered by State Council for Education Research & Training (SCERT).

Type III- Diploma Level Nursing Institutes recognised by Indian Nursing Council (INC) and generally administered by State Nursing Council/Boards.

Type IV- PGDM (Post Graduate Diploma in Management) Institutes recognised by AICTE

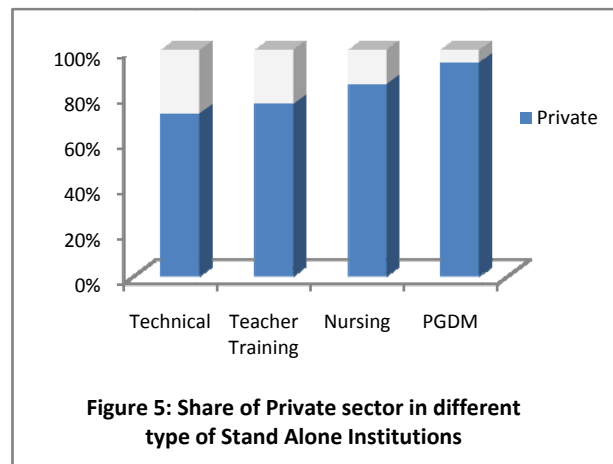

Type V- Institutes directly under the control of various Central Ministries

Not only among states number of these Institutions varies largely, their responses are also much varied. Out of 11095 Stand Alone Institutions, 5713 have uploaded the data during 2010-11 survey. Type wise details are as under

	Technical	Teacher Training	Nursing	PGDM Institutes	Institutes under Ministries
<b>Total</b>	3586	4923	2133	376	123
<b>Form Uploaded</b>	1981	2796	873	54	9

For the first time, Institutes under direct control of Central Ministries were identified and attempt was made to capture them in the survey. However, due to certain administrative problems most of them could not be approached.

Stand Alone Institutions are mainly run by Private sector (75.7%); Private unaided - 65.4% & Private aided – 10.3%. Only 24.3% Institutions are in Government sector. 51.8% Institutions are located in Rural Area.

## 2.2 STUDENT ENROLMENT

### 2.2.1 Level-wise Enrolment

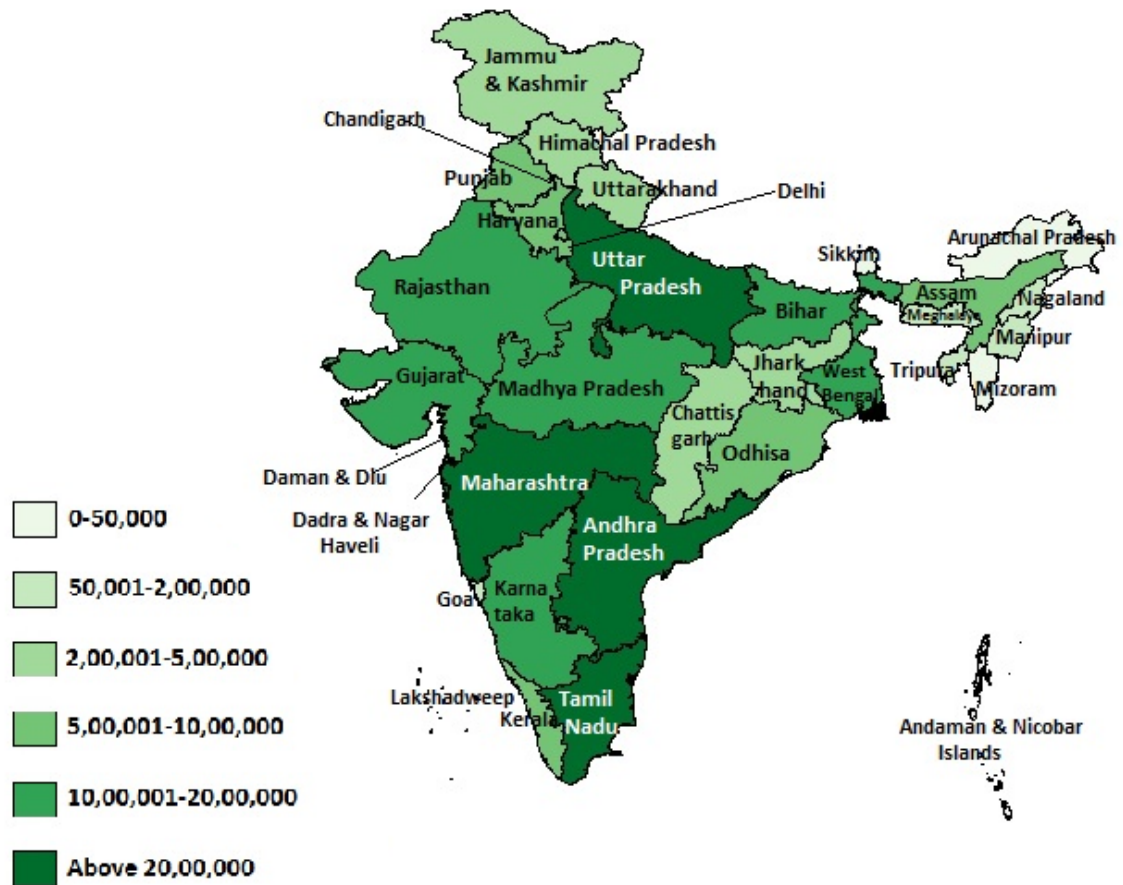

Total Student enrolment has been classified in 8 levels across all the States of India viz – Ph.D., M.Phil., Post Graduate, Under Graduate, PG Diploma, Diploma, Certificate and Integrated. Percentage share of student enrolment in these levels are shown in Figure 6. State-wise and level-wise estimated enrolment is given in Table 6 estimated enrolment in Regular Mode is given in Table 6 (a).

The highest numbers of students are seen enrolled at Under Graduate level across India. Out of the total 2,74,99,749 students, a vast majority of 2,19,72,260

students are enrolled in Under Graduate that is a sweeping 79.9%. On the other hand, second to Under Graduate, 11.9% students are enrolled in Post-Graduation. These are approximately 32.7 lakh students out of 2.75 crore students across India. The student enrolment from UG going higher to PG is thus decreasing steeply. There is a small share of 6.6% students enrolled at Diploma level in India that amounts to around 18.1 lakh students and out of this majority (16.2 lakh) students are enrolled in Technical, Teacher Training and Nursing. However, only 1.4 lakh students are enrolled at Certificate and PG Diploma levels each, these are approximately 0.5% of the total share each. Ph.D., M.Phil. and Integrated levels also have less than 0.5% student enrolment. In shares of States, Tamil Nadu tops in the enrolment of students in Universities (including constituent units) with 9,76,543 in 2010-11. This is followed by Delhi with 9,59,400 students enrolled and Maharashtra with 5,53,190 students. State-wise enrolment in responding University Teaching Departments alongwith its constituent Units and off campus centers is given in Table 7. State-wise enrolment in responding Colleges and Stand Alone institutions are given Table 8 and Table 9 respectively. As indicated in chapter 3, enrolment estimation has been done only for Under Graduate

**Map 1: TOTAL ENROLMENT IN HIGHER EDUCATION**

and Post Graduate level in Colleges and for which State-wise details is given in Table 10.

### 2.2.2 Programme-wise Enrolment (*Based on Actual Response*)

As regard to Programmes, out of total, 18 programmes were studied to see the

**15 Programmes cover 82% of the total students enrolled in higher education**

student's concentration. B.A. has 57.11 lakh students enrolled in it which is the highest enrolment. The percentage of male is 50.62% which shows almost equal distribution of male and female. BCA has total number of 3.75 lakh students and out of them 69.9% are males. B.Com. has 18.37

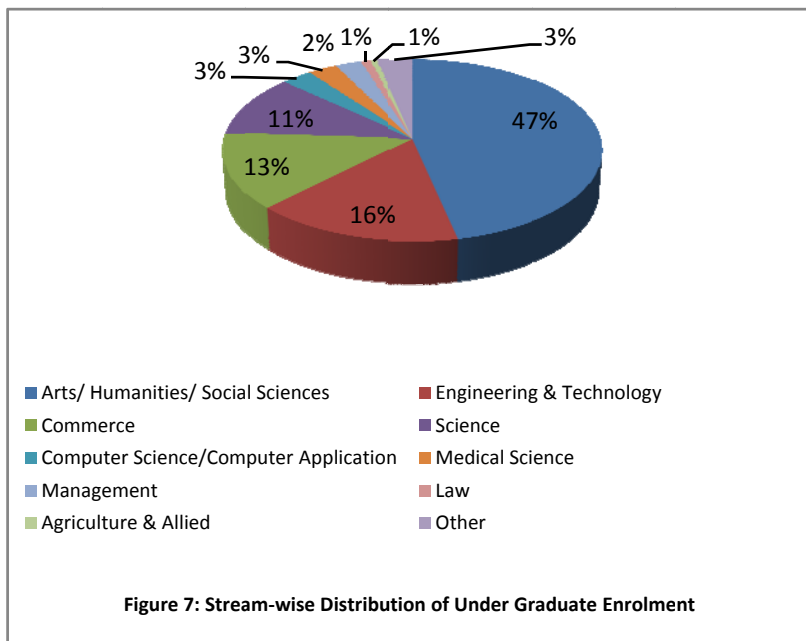

lakh students enrolled in total and out of them 58.28% are male students. B.E. has 8.69 lakh students enrolled out of which 70.68% students are from male category. 17.41 lakh students are enrolled in B.Sc. and out of them 54.22% are from male category and 45.78% are from female category. B.Tech. has 14.52 lakh enrolled students out of which 70.75% are males which keep the percentage of females restricted to less than 30%. LLB has total number of 1.18 lakh students out of which 69.72% are males representing unequal distribution of gender. M.A. has more than 9 lakh students enrolled with 52.97% of female students. MBA has total number of 5.62 lakh students having 73.02% of male students. MBBS has total number of 89,463 students and male representation is 60.82% in that. MCA has 2.27 lakh students out of which 66.24% are from male category. There is total number of 1.65 lakh students in M.Com., out of which 51.21% are females. M.Sc. has total number of 3.62 lakh students with 50.18% of males and 49.82% of females. M.Tech has total number of 88,064 students with high number of male students. The male representation is 75.19% and female percentage is only 24.81%. Programme-wise enrolment on the basis of actual response is given in Table 11.

### 2.2.3 Discipline/Subject-wise Enrolment (*Based on Actual Response*)

The total enrolment at Undergraduate Level in major discipline/subject based on actual response is given in Table 12. The highest number of students is enrolled in Arts/Humanities/Social Sciences courses. The total number of students enrolled in this are 63.02 lakh out of which 50.3% are males and 49.7% are females. Engineering and Technology is second major stream with 21.39 lakh students enrolled. The total number of male students enrolled in Engineering is 70.97%. Female participation in this sector is very low. This stream has 13 sub streams like Electronics Engineering, Computer Engineering, Mechanical Engineering, Electrical Engineering etc. The top 5 sub stream are Electronics Engineering with 5.42 lakh students, Computer Engineering with 4.75 Lakh students, Mechanical Engineering with 3.56 Lakh students, Electrical Engineering

with 2.87 lakh students and Information Technology with 2.44 Lakh students enrolled.

There are 18.31 lakh students enrolled in Commerce stream. The stream has 58.33% of male students and 41.67% of female students. The number of students enrolled in Science stream is 14.67 lakh and out of this 53.49% are male students and 46.51% are female students. In Computer Science/ Computer Application stream, there

are 4.01 lakh students enrolled and 63.36% from them are males. Medical Science stream shows a different picture with higher number of female students. The total number of students is 3.76 lakh and female students are 2.01 lakh which makes it to 53.49%. Management stream has 3.38 lakh students with 67.51% of male students. The students enrolled in Law stream are 1.28 lakh out of which 68.42% are males. Home Science course has 89.25% of female students.

At Ph.D level, maximum number of students is enrolled in Science stream followed by Social Science. On the other hand at PG level maximum students enrolled in Social Science stream and Science comes at number two. As regard to gender distribution, it is seen that among major sectors, Agriculture and Engineering sector has lowest female participation. Enrolment in major discipline/subject at Ph.D, PG and M.Phil level based on actual response is given in Table 13.

The percentage of students opting for Ph.D. after their PG is also calculated to see the trend. In Agriculture and Allied courses 19.36% of the students are opting for Ph.D. after their Post-Graduation followed by Science courses where 7.5% of the students are opting for Ph.D. after their PG. It is closely followed by Engineering & Technology in which 7.32% of the students are opting for Ph.D. and in Medical science there are 3.28% of the students. Social Science has 2.47% of students opting for Ph.D. after the PG course in the same field.

The total number of Ph.D. students in Agriculture and Allied courses is 2680 out of which 76.40% are male students. The stream is divided into 6 sub-streams which are

Agriculture, Veterinary & Animal, Horticulture, Fisheries Science, Forestry and Sericulture. Apart from Agriculture main stream with 1925 students (1410 males and 515 females), highest enrolment is seen in Veterinary & Animal sub-stream has 346 students followed by Horticulture with total number of 147 students. At PG level 13,841 students are enrolled in Agriculture & Allied sector. Agriculture sub-stream has total number of 10,080 students with 68.85% of male students and 31.15% of female students. Veterinary & Animal has total number of 2281 students with 77.9% of male students at PG level.

Commerce stream has 2533 students enrolled in it for Ph.D. with 60.28% of the male students. At PG level, 1.81 lakh students are enrolled with 50.11% of the female students. Computer Science/ Computer have total number of 1402 students with 55.99% of male students at Ph.D. level and at PG level there are total number 1.66 lakh students.

Engineering & Technology stream is divided into 13 sub-streams with total number of 15,346 students enrolled for Ph.D and 2.09 lakh students at PG level. Computer Engineering has highest number of 1806 students enrolled for Ph.D. with 72.25% of male students. Information Technology is the second highest having 1084 students with 82.84% of male students. At PG level also, Computer Engineering has highest number of 68,467 students with 60.19% of male students. Information technology has 20,012 students at PG level with 15,575 male students.

There is total number of 1924 students enrolled in Ph.D. in foreign languages. Foreign language stream is divided into 5 sub streams and English is at the top of the list with the students enrolled for Ph.D. There are 1637 students enrolled in Ph.D. in English with 50.88% of male students and 49.12% of female students. French language has total number of 120 students enrolled in Ph.D. 62.5% of the total students are from female category. At PG level, there is total number of 96,594 students enrolled. Out of this total number 94,531 students are enrolled in English language with 56.9% of female students.

Home Science stream is divided into 3 sub streams with total number of 725 students enrolled for Ph.D. There are total number of 8061 students enrolled at PG level with 461 males and 7600 females. Home Science has total number of 6140 students with 6052 females and 88 males. Food technology has 762 students with 560 females and 202 males. Nutrition has 1159 students at PG level with 988 females.

There is total number of 4755 students enrolled in Ph.D. in Indian languages which is divided into 11 sub-streams. The highest number of students is enrolled in Hindi

language which is 1435 with 726 male students and 709 female students. Sanskrit has the second highest number of students. There are 1179 students enrolled in Sanskrit for Ph.D. with 765 males and 414 females. Altogether, at PG level, there are 1.98 lakh students enrolled out of which 1.16 lakh are females and 82,564 are males. Hindi with 39,737 students has the highest number of students enrolled at PG level. Out of that 43.45% are females and rest are males. Telugu has 22,239 students with 52.25% of female students. Bengali has 27,830 students enrolled at PG level with 63.19% of females. Tamil has total number of 25,540 students with 74.65% of females.

Medical Science has total number of 1781 Ph.D. students which is divided into 17 sub-streams. The highest number of students is enrolled in Pharmacy with 572 students having 432 males and 140 females. Ayurveda has total number of 105 students enrolled at Ph.D. level with 62 males and 43 females. Dentistry has 79 students, General medicine has 58 students and Nursing has 22 students enrolled at Ph.D. level. The number of total students at PG level is 54,335 with 57.31% of male students. Pharmacy has the highest number of students which is 14,867 with 61.9% of male students. All other sub-streams in Medical Science have less than 5000 students enrolled at PG level. Nursing has 5185 students, Dentistry has 4903 students and General Medicine has 4097 students at PG level.

Science stream has 22,7176 students enrolled for Ph.D. which is divided into 17 sub-streams such as Mathematics, Chemistry, Physics, and Zoology etc. Chemistry has the highest number of Ph.D. students which is 5249 with 3308 males and 1941 females. Physics has total number of 3007 students with 2118 males and 889 females. There is total number of 2356 students enrolled in Mathematics for Ph.D. out of which 1441 are males. Botany has 1516 students, Zoology has 1200 students, and Bio-technology has 1083 students enrolled for Ph.D. At PG level there are 3.03 lakh students enrolled in Science courses which are divided into 17 sub-streams. There are 67,317 students enrolled in Mathematics which is the highest among all the science streams. Out of the total, 51.72% are female students. Chemistry has enrolment of 60,342 students at PG level with 55.7% of male students. Physics has 28,848 students; Zoology has 19,767 students enrolled at PG level with 53.54% and 42.67% of males respectively. Zoology has higher number of female students.

Social Science stream has total number of 15,277 students enrolled for Ph.D. which is divided into 10 sub-streams. Out of this, Economics has the highest number of students enrolled in Ph.D. which is 2062 with 1128 males and 934 female students. History has total number of 1709 students with 1056 male students and 653 female students. Political Science has total number of 1179 students enrolled in Ph.D. with 765 males and

414 females. Apart from these Sociology has 1191 students, Geography has 941 students, Public Administration has 176 students, Psychology has 712 students, Philosophy has 640 students and Anthropology has 228 students enrolled for Ph.D. There are 6.17 lakh students enrolled in Social Science stream at PG level. The highest number of students is enrolled in History which is 92,335 with 52.5% of the male students. Political Science, Economics and Sociology have 61,285, 57,953, and 52,167 students respectively. The ratio of male students is high in all the courses except psychology representing total number of 13104 students with 63.65% of female students.

### 2.2.4 Gender Distribution

Taking a look at the Male-Female ratio at each level in Figure 8, the trend is of higher males than females in almost every level, except M.Phil., which is almost equal with

Figure 8: Gender Distribution at Different Levels

50% males and females each; while in Certificate courses, the female enrolment is slightly higher at 53.4% versus male enrolment of 46.6%. Student enrolment at both Under Graduate and Post Graduate levels has a similar trend with around 55% males and 45% females. PG Diploma has an unbalanced distribution with 65% males and 35% females. Similarly, Ph.D. and Integrated levels, both have an

unequal distribution with around 62% males and 38% females. Diploma student enrolment projects the most lopsided picture with 71% male students and 29% female students.

This majority trend of higher male enrolment than female enrolment of students is also seen across the levels in the state-wise distribution. The top 6 States are highlighted in Figure 9 in terms of highest total student enrolment are Uttar Pradesh, Maharashtra, Andhra Pradesh, Tamil Nadu, Karnataka, and Rajasthan. However in terms of total number of Institutions the ranking of these States is slightly different with Maharashtra (7196) at top followed by Andhra Pradesh (5425), Karnataka (5063), Uttar Pradesh (4723), Tamil Nadu (3504) and Rajasthan (3030). It is interesting to note that these 6 States with highest student enrolment constitute nearly 58% of the total student enrolment in Indian States. Rest of the 28 States (including UTs) fall within only 42% of the total student enrolment. So inevitably, the male students in these 6 States is almost

58% of the total students enrolled and female students enrolled in these 6 States contributes to be nearly 59% of the total female students across India.

Uttar Pradesh<sup>1</sup>, with its highest student enrolment in India, has an almost equal ratio of 50% male and female students. Punjab has the highest male student enrolment – 65% males and 35% females. In Maharashtra, Andhra Pradesh and Tamil Nadu the male student enrolment is just below 60%. Karnataka has male student enrolment just above 50%. Another trend is seen in Kerala though with 57% female students and 43% male students enrolled. Meghalaya and Andaman & Nicobar Islands also have more female students i.e. nearly 54%, while male students are around 46% in both the States. Uttarakhand and Puducherry have an almost equal percentage of male and female students.

Figure 9: Top 6 States as per Enrolment & Representation of Males: Females

### 2.2.5 Social Category -wise Distribution

The total Estimated Student enrolment is 2,74,99,749, out of which nearly 56% are male students and rest 44% are female students enrolled. State-wise and Category-wise estimated enrolment is given in Table 14. SC student enrolment is 11.1% of the total and the male-female ratio is similar to the All Category. On the other hand, students belonging to ST category constitute only 4.4% of the total student enrolment with 57% male students. 27.6% of the total students belong to OBC with 55% of male students.

Figure 10: Social Categories and Gender Distribution in Student Enrolment

<sup>1</sup> Two Technical Universities of UP did not respond and therefore enrolment in technical education is on lower side and also reflecting in gender distribution

## 2.2.6 Representation of Minority Students

Among Minority category, data on Muslims have been collected separately. According to the response received during the survey, 3.8% students belong to Muslim Minority and 1.8% from other Minority Community. Muslim Minority has more male students than females whereas other Minority has more females than males. Based on actual response, State-wise number of students from Minority and PWD category is shown in Table 15.

## 2.2.7 Representation of PWD students

As per the response received during the survey 53975 PWD students are enrolled in higher education. Out of which, 26507 are Male and 27468 are Female students, thus having more female students. Category-wise distribution of PWD student is shown in adjacent table which indicate that as compared to all SC, ST and OBC students, share of PWD students of these categories is very low particularly in ST category.

Category	Male	Female	Total	% out of Total	Female per hundred male
<b>Total</b>	26507	27468	53975		104
<b>SC</b>	1835	2919	4754	8.8	159
<b>ST</b>	965	413	1378	2.6	43
<b>OBC</b>	5796	7346	13142	24.3	127

Female participation among PWD students in all categories is high except for ST category. It is highest in SC category with 159 females per 100 males followed by OBC (127). State-wise number of PWD students is given in Table 15.

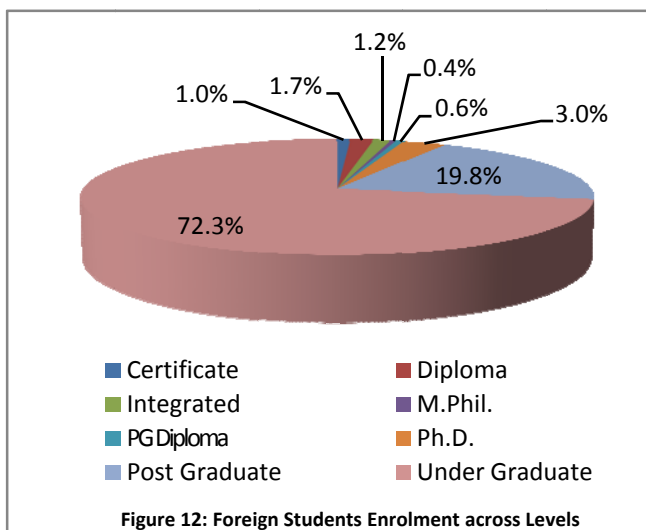

## 2.2.8 Representation of Foreign Students

The total number of foreign national students enrolled in Indian Universities and Colleges are 27,531. Country-wise and level-wise foreign students in responding Institutions are given in Table 16. The foreign students come from 153 different countries from all across the globe. The top 10 countries of the foreign students are as in Figure 11. These 10

countries constitute 61% of the total foreign students enrolled. Rest of the 39% students comes from remaining 143 countries. Highest share of students come from the neighboring countries of which Nepal is 18% of the total, followed by Iran (9%), Afghanistan (8%), Bhutan (5%). Sudan and United States constitutes 4% each and China, Iraq and Sri Lanka constitutes 3% of the foreign students. Moreover, only 2 countries Malaysia (69%) and United States (51.4%) have more female students than male. Nepal, Iran and Sri Lanka have almost an equal share of male and female students. On the other hand, Afghanistan (90%), Sudan (95%) and Iraq (89%) have a considerably higher number of male students (Figure 11). Although maximum number of foreign students comes from Nepal, the maximum number enrolled in Ph.D is from Iran.

The highest numbers of students are enrolled in Undergraduate courses, that is, 72% of the total foreign students, followed by Post Graduate with about 20% enrolment. Enrolment in rest of the levels constitutes less than 3% (Figure 12). Foreign male students are higher in almost all the levels, except in Diploma where female students are higher (70%) than the male students (30%). At Certificate, M.Phil., and PG Diploma levels, the male-female students are almost 50% each. Integrated, Ph.D. and Post Graduate have 70% male and 30% female foreign students. Lastly, in Undergraduate, the male students are 61% as against 39% female students (Figure 13).

Looking at the State-wise distribution, it can be seen that Karnataka has the highest number of students coming from foreign countries which is 10,103. Apart from Karnataka, Andhra Pradesh (4698), Maharashtra (4329), Tamil Nadu (2383), Delhi (1529) and Uttar Pradesh (1016) reflects more than 1,000 foreign students. All the other

States have less than 600 foreign students. State-wise and level-wise foreign students in responding Institutions are given in Table 17.

### 2.2.8 a Programme-wise Foreign Students

There are 14 programmes which are observing the highest enrolment of foreign students in India. Programme-wise number of foreign students in responding Institutions is given in Table 18. On the top we have B.A. with 2,458 students with 62% of male students. B.Com. is on 2nd top of the list with 2,359 students. The ratio of male-female student is 71:29. BCA has total number of 2334 students with 89.37% of male students. There are 1830 foreign students enrolled in B.Sc. out of which 64.2% are male students. BBA has total number of 856 students out of which 70% are from male category. There is total number of 190 students enrolled in LLB with 56.31% male students. At the Post Graduation level, 1510 students are enrolled at M.A. level with 63.7% male students. M.Sc. has reported enrolment of 1205 students with 72.6% of male students. There are 1143 students enrolled in B.E. out of which 81.8% are male students. MBBS has total number of 1140 students with the higher percentage of female students. The female percentage in MBBS is 54.56%. B. Tech. has total number of 1090 students with 923 male students. MBA has reported the enrolment of 920 foreign students with 66.73% of male students. MCA has total number of 109 students with 99 male students. At Ph.D. level, there are 850 students with male and female ratio of 69:31.

### 2.2.9 Enrolment in Distance Mode

Distance education has become one powerful medium of obtaining degrees for huge number of students who are staying in far off and remote areas and for whom accessing universities on regular basis is still a dream. Distance enrolment constitutes 12.1% of the total enrolment in higher education, of which 40.1% are female students. Level wise distribution of students under distance mode is given in the adjacent table. At all Levels share of male student is higher than females.

**Box 7: Level-wise Distribution of Distance Enrolment**

Level	Distance Enrolment		
	Male	Female	Total
Ph.D	43	3	46
M.Phil	108	103	211
Post Graduate	696228	469107	1165335
Under Graduate	1147355	774001	1921356
PG Diploma	42787	16986	59773
Diploma	73731	49125	122856
Certificate	24580	17901	42481
Integrated	2020	376	2396
<b>All</b>	<b>1986852</b>	<b>1327602</b>	<b>3314454</b>

Looking at the State-wise variation, out of the total reported enrolled students pursuing studies through distance education, 6 States of India are providing education to around 67% of the students. These are Tamil Nadu with 18.3% of students, Delhi with 13.2%, Andhra Pradesh with 13%, Maharashtra with 10.4%, West Bengal with 6.5% and Bihar with 5.9% of the share of students enrolled through Distance mode.

Distance Mode is mainly conducted by University and majority of the students (64%) enrolled in Universities are studying under distance mode which can be seen from the adjacent table. At Post Graduate, Under Graduate, PG Diploma, Diploma, and certificate level share of distance enrolment in university is 71%, 63.5%, 53.3% and 62.6% and 47.8% respectively. Distance enrolment at Ph.D, M.Phil and Integrated level is negligible.

**Box 8 :Comparison between Regular & Distance enrolment in University**

Level	Regular enrolment	Distance enrolment
Ph.D.	67999	43
M.Phil.	21110	208
Post Graduate	469286	1146662

Certificate	12652	11570
Integrated	35986	1827
<b>Total</b>	<b>1786676</b>	<b>3181000</b>

## 2.2.10 Enrolment in Stand-Alone Institutions

There is total number of 11,139 Stand Alone Institutions in India distributed with high variations among States. Type-wise distribution is shown in the Table 9. Out of 16,34,280 enrolled at several courses at stand-alone institutions 69% are males and 31% are females. Stand Alone Institutions are primarily meant for providing Diploma programmes.

There is total number of 3586 Polytechnics in India and out of them 1981 reported the data during the survey. The highest number of Polytechnics is in Maharashtra which is 1160 and out of them only 541 responded. There is total number of 11.92 lakh students enrolled in Polytechnics and out of them 82.34% are male students and the remaining females with very less participation of around 17%. There are seven States which have total number of 9.96 lakh of students in Polytechnics which makes it to 83.59% of the total students enrolled in India in Polytechnics. These states are Tamil Nadu with 3.45

Figure 17: Female Participation in Different Type of Stand-Alone Institutions

lakh students, Maharashtra with 2.14 lakh students, Karnataka with 1.44 lakh students, Punjab with 83,071 students, Odhisa with 72,680 students, Andhra Pradesh with 69,407 students and Haryana with 67,084 students. The number of male students is 3.13 lakh which is 90.71% of the total students enrolled in Polytechnic courses in Tamil Nadu which is highest from these top 7 States. The State at the

second top is Maharashtra with the enrolment of 2.14 lakh students out of which 73.86% are male students. Karnataka has 76.98% of male students and 23.02% of female students from the total number of students enrolled which is 1.44 lakh. Punjab has recorded 83,071 students in Polytechnic courses with 86.45% of male students. Odhisa has 85.15% of male students, Andhra Pradesh has 73.61% of the male students and Haryana has 89.13% of the male students.

The total number of Nursing Institutions is 2133 and out of them only 873 responded with the data which is only 40% response rate. The total enrolment in nursing course is 1.04 lakh and out of them 84.64% are female students and 15.36% are male students.

Top 3 States are Karnataka, Andhra Pradesh and Kerala are contributing 79.56% of the students out of the total students enrolled in India for nursing. Karnataka has the highest number of students enrolled in nursing course with 41,732 students, followed by Andhra Pradesh with 23,179 students and Kerala with 18,288 students. Karnataka has the highest number of students enrolled in nursing course with 73.33% of female students; Andhra Pradesh has 95.06% of the female students. Kerala has 96% of the female students enrolled in nursing course which are highest in these top 3 States.

The total number of Teacher Training institutions are 4924 and out of them only 2796 responded with the data which makes the response rate above 50%. The total number of students enrolled in teacher training course is 3.22 lakh at all India level. Out of them 38.15% are males and 61.85% are females. The top 5 States covering around 80% of the total students enrolled for teacher training course are Maharashtra with 1.05 lakh students followed by Karnataka with 58,133 students, Uttar Pradesh with 33,402 students, Gujarat with 31,421 students and Tamil Nadu with 27,935 students. The number of female students is high in all the States except Uttar Pradesh. Scenario of these top 5 States is as follows:

Maharashtra has 59.45% of female students, Karnataka has 68.84% of female students; Uttar Pradesh has only 47.49% of female students and the higher number of male students which is around 52.5%. Gujarat has 62.83% of female students and Tamil Nadu has the highest number of female students. The percentage of female students is 81.73% which is highest in these top 5 States.

### 2.2.11 Representation of Private Sector

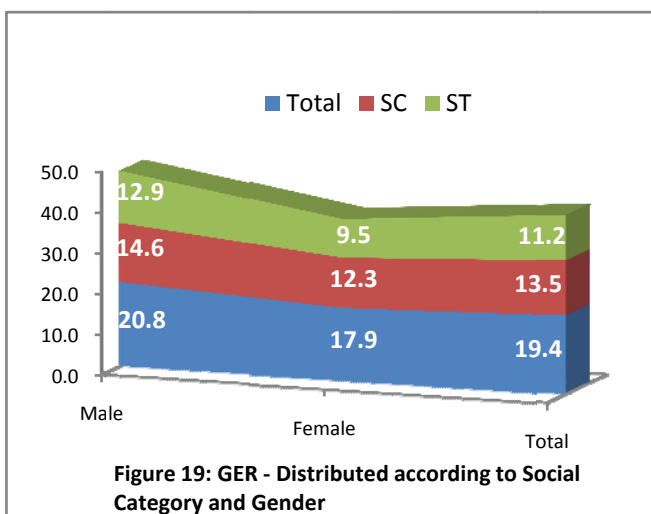

There are more than 70% colleges running in Private sector; aided and unaided taking together, but it caters only 61% of the total enrolment. It shows lower per college enrolment in private sector. State-wise enrolment in Private and Government Colleges as per response is given in Table 5(a).

### 3. GROSS ENROLMENT RATIO IN HIGHER EDUCATION (18-23 Years)

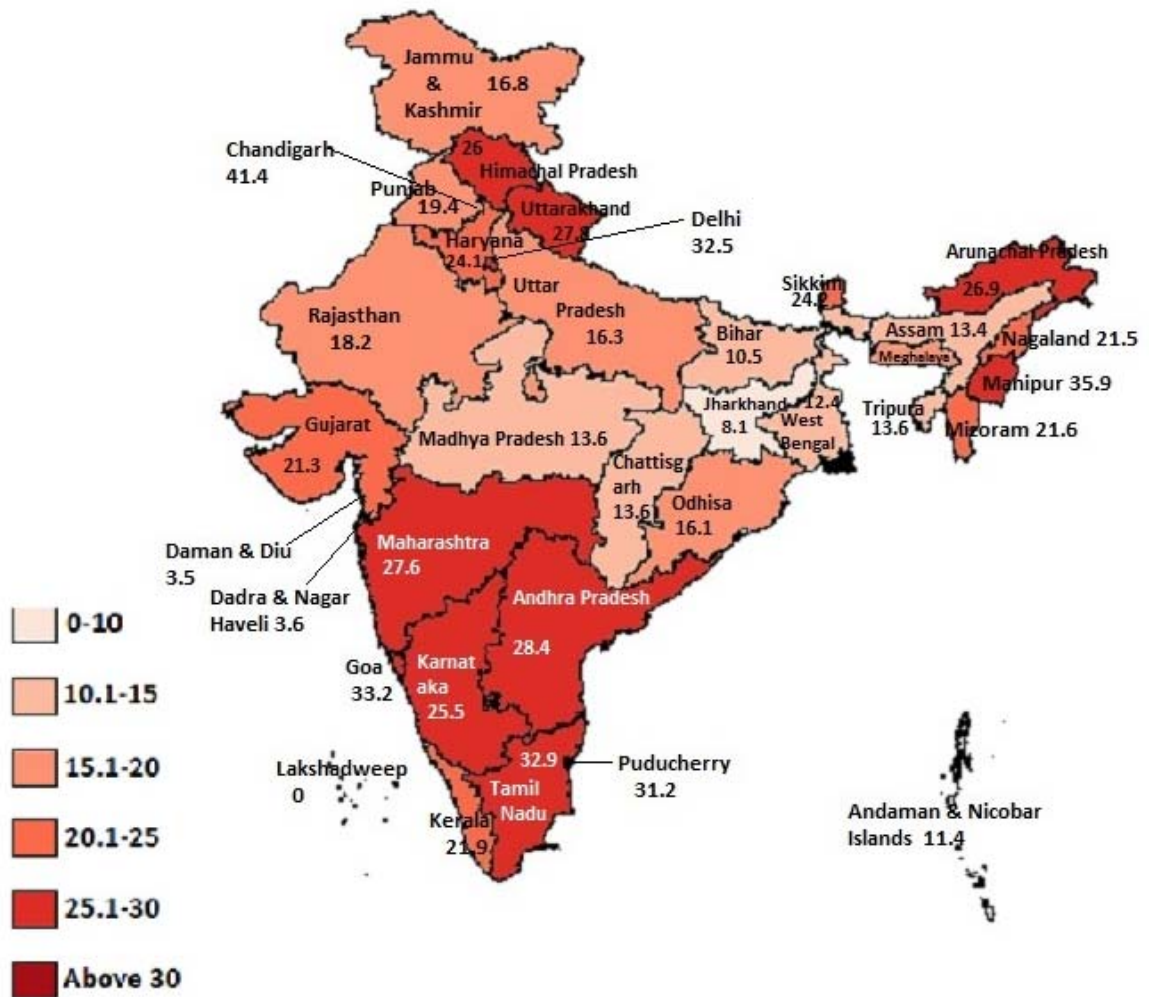

Gross Enrolment Ratio (GER) in Higher education in India is 19.4, which is calculated for 18-23 years of age group. For Scheduled Castes it is 13.5 and for Scheduled Tribes it is 11.2% as compared to the national GER of 19.4.

GER for male population at all India level is 20.8 of the total population between the age group of 18-23 years whereas for SC Males it is 14.6 and 12.9 for ST males. At national level, GER of SC female is 12.3 and 9.5 for ST females in comparison to 17.9 of national level.

The GER for females in all categories is highest in Chandigarh with 41.4%. Goa, Manipur and Tamil Nadu also have GER of more than 30 for their female population. There are some States whose population is very low as per census but actual number of students are comparatively higher and therefore GER is coming to very high. For such States GER has been shown as 100. These States have been ignored while analysing the GER. State-wise GER and GPI are shown in Table 19 and Table 20 respectively.

**Map 3: GROSS ENROLMENT RATIO 2010-11 IN HIGHER EDUCATION (18-23 YEARS)**

#### 4. TEACHING STAFF

The total number of teachers in responding Institutions is 7,65,349. Out of which more than half about 62.8% are male teachers and 37.85% are female teachers. The lowest gender proportion is recorded in Bihar where female teachers are more than 5 times lesser than the male staff – 84.4% male and only 15.6% female teachers are reported; Arunachal Pradesh comes close second with 82.9% male teachers and 17.1% female teachers, that is, more than 4 times lesser than the male staff. Odisha, West Bengal, Jharkhand and Uttar Pradesh have only 30% (approximately) female staff of the total teachers available in States. A few States Delhi, Chandigarh, Goa, Kerala and Meghalaya on the other hand have more female teachers than male teachers.

In terms of caste and religious minorities' representation in teachers in varsities in India, the distribution is considerably leaning towards one category. At All-India level, teachers belonging to General category are more than half, that is 69.5%

of the total number of teachers in India; OBC follows with 21.4%; while SC and ST with 6.9% and 2.2% respectively (Figure 20). Merely 2.9% teachers come from Muslim minority group, and 3.2% are other minorities. State-wise number of Teachers in various Socio-religious categories is given in Table 21 (a) and 21(b).

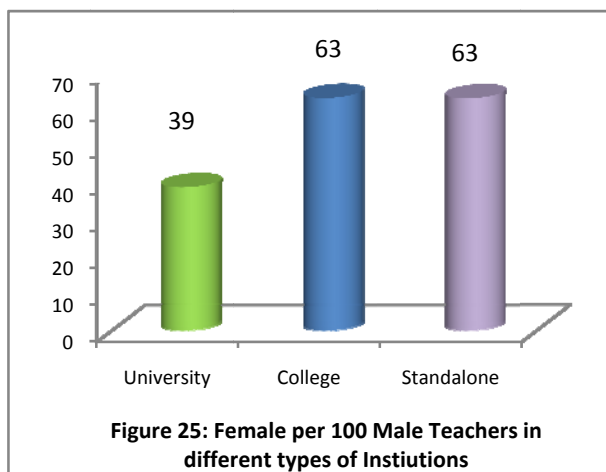

Out of the top 10 States, the leading 3 are Andhra Pradesh with 9.7% SCs and 2.1% STs, Karnataka with 6.7% SCs and 1.9% STs and Maharashtra with the highest 10.5% SCs and 1.6% STs. It is also to be noted that within these categories, the number of female teachers is significantly lower than the male teachers.

As mentioned above, another significant representation in terms of gender distribution is the number of female teachers per 100 male teachers. At the all-India level there are merely 59 female teachers per 100 male teachers. Similarly, in SC category the female staff is only half that is 50 per 100 males; ST is same as total across India with 61 females per 100 males and OBC has a little more than half i.e. 57 female teachers. The Muslim minorities are only 50 female teachers per 100 male, but other minorities are inversely higher with 127 females per 100 male teachers. However, it is to be noted that female representation in teachers belonging to Persons with Disabilities (PWD) category is very low, that is, only 35 females per 100 male teachers.

Among various levels of posts, majority of teachers are of the level of Assistant Professor, followed by Associate Professor. The distribution is shown in Figure 23 and the number of female teachers per 100 male teachers at various levels is shown in Figure 24. The state-wise number of teacher at various levels with male and female wise break-up in responding institutions are given in Table 22. The higher the post, lower representation of female is clearly seen from the Figure.

The number of total teachers at University level is around 1 lakh out of which 72% are males and 28% are females. At college level, the number of teachers is 5.33 lakh with 61.28% of male teachers. In Standalone institutes, total number of teachers is 1.10 lakh with 61.35% male teachers. Looking at female per 100 male teachers, there are 39 teachers at University level, 63 female teachers per 100 male teachers at college and Stand Alone Institutions each.

**Figure 25: Female per 100 Male Teachers in different types of Institutions**

In different types of Stand Alone Institutions, the number of female teachers per 100

**Figure 26: Female per 100 Male Teachers in Stand Alone Institutions**

male teachers is varying significantly as there are only 43 female teachers per 100 male teachers in Technical/ Polytechnic Institutions, 68 in Teacher Training, 89 in PGDM Institutions and 17 in Institutions under Ministries which is the lowest. Contrast to this, nursing courses has 496 female teachers per 100 male teachers which is the highest among all the

types.

**Pupil Teacher Ratio (PTR) in Universities and Colleges is 26.4**

## 5. NON-TEACHING STAFF

The non-teaching posts are 6,16,020 in all and are divided into four groups – A, B, C and D. The share of Group-C is the highest with 40%, while Group-D seconds it with 33%. Group-A and Group-B comprise of 13 and 14 per cent non-teaching posts respectively (Figure 27).

Looking at the male and female distribution in these non-teaching posts as in Figure 28, here we have a picture similar to that of teaching staff and student enrolment in India as the total male non-teaching staff is more than female staff, which is 75% as opposed to merely 25% female staff.

In group-wise posts, the non-teaching staffs have more male members in each group as

shown in Figure 28. There are 72% males and 28% females in Group-A. Though the numbers are different in Group-B, the percentage distribution is the same. In Group-C the male share is 75% as against 25% females, while in Group-D there are highest male staff members with 78% but only 22% females.

In U.P. the male staff share is the highest with 90% and only 10% females, while

Gujarat is close second with 80% male staff and 20% female staff. Maharashtra is closely behind with 79% male staff and 21% female staff. Tamil Nadu also has a higher share of male staff with 70% and 30% females. Karnataka comes sixth in this ratio share with 65% male and 35% female staff posts. This same picture is reflected in the group-wise break up of data. Inversely, in Puducherry in Group-A female non-teaching staff is 53% slightly higher than male staff 47%. In Arunachal Pradesh in Group-A the ratio male: female is 18:1, while in Sikkim there are no females and only 6 male non-teaching staff posts. In Group-B and C Goa has a few numbers of female non-teaching staff higher than the male staff while Group-D has only male staff higher than female staff in all the

States and Union Territories of India. State-wise number of non teaching staff in different groups in responding Institutions is given in Table 23.

In regard to Social category, 60.4% non teaching staffs are from General category, 23.7% are from OBC, 12.1% from Scheduled Caste and 3.7% are from Scheduled Tribe. State-wise number of non teaching staff in different categories in responding Institutions is given in Table 24.

The average number of females per 100 male non-teaching staff is 33. The highest number of females is 61 from Other Minority Group and Muslims have the lowest number of females per 100 male non-teaching staff with 26 females.

SC has 38, ST has 35, OBC has 33 females, and PWD has 26 females per 100 male non-teaching staff.

Among non-teaching staff, data was collected separately for the Library staff and Physical Education Staff. There are 51 females in library staff and 15 females in Physical Education staff per 100 male staff.

## CHAPTER 3 – ESTIMATION METHODOLOGY

Three Categories of Higher Educational Institutions, namely University, College, Stand-Alone Institution were identified and surveyed. Since there is large variation in terms of structure, programme, student enrolment etc. among universities and data from approximately 90% of these have been collected, no estimation has been done in case of University. List of Stand-Alone Institutions as already indicated was not firm and States have revised it frequently. Keeping this in view no estimation has been done for such Institutions also. Only Colleges enrolment has been estimated at All India Level and State level, by adopting sampling technique assuring the sufficiency of sample in different stratum, Levels of Programme being the Strata. Methodology for estimation of enrolment has been described in subsequent sections.

The most important and phenomenal task for the survey was to compile the list of Colleges. There are numerous players in this field, which were not easily identifiable. An exhaustive list of colleges in the country was not available and therefore university was identified as best source to prepare the list of colleges. Thus, College list was dynamically generated through University during the survey. Software was designed in such a manner that as soon as the university uploads its form on the server, college list was automatically populated in the data-base during 2010-11 survey. All the affiliating University except the 7 have uploaded the data and therefore almost complete list of colleges are available.

In addition to the Affiliated and Constituent colleges, for Off-Campus Centres/ PG Centres and for Recognised Centres of Universities, DCF-II (the format in which the data was required to be submitted) was available to be filled-in. All the Constituent Colleges, the Affiliated Colleges and the Off-Campus Centres were required to fill DCF-II. Constituent units of University, primarily of Private and Deemed Universities, which are integral part of University, have also been listed by these Universities as

College means any Institution, whether known as such or by any other name which provides for a course of study for obtaining any qualification from a university and which, in accordance with the rules and regulations of such university, is recognised as competent to provide for such course of study and present students undergoing such course of study for the examination for the award of such qualification. These are the institutions established or maintained by or admitted to the privileges of the University.

Colleges are generally of two types:

- (i) University/Constituent College maintained by the University
- (ii) Affiliated College

Constituent College. However, DCF-II for such units were not required to be filled. For Recognised Centres, in normal cases, DCF-II have not been filled, but in a few cases where these are independent institutions, DCF-II have been filled.

Thus, there are four types of College/Institution, for which DCF-II have been filled:

1. *Affiliated College (31876)*
2. *Constituent College (1508)*
3. *PG and off. Campus Centre (357)*
4. *Recognised Centre (2281)*

*In bracket, numbers of such institutions during AISHE 2010-11 are given. State-wise number of colleges of different types is given in Table 25.*

Although intended to cover the entire population, approximately 50% colleges' data could be collected and thus to have an idea of total College's enrolment, estimation adopting proper sampling methodology, was required. Constituent Colleges are mainly located in Bihar, Jharkhand and Maharashtra and most of them have uploaded the data. Therefore, enrolment for Constituent Colleges including constituent units of University has not been estimated except in the State of Jharkhand. In view of poor response in Jharkhand, enrolment for Constituent Colleges was also estimated. For PG/Off-Campus Centres and for Recognised Centres also no estimation has been made. During 2010-11 survey, DCF-II for only 76 PG/Off-campus centres and 287 Recognised centres have been filled. State-wise number of responded colleges of different types is given in Table 26.

Thus for only affiliated colleges, enrolment has been estimated based on the Stratified Sampling technique. Post-Stratification has been done, after the survey for the year 2010-11 is closed.

Affiliated Colleges has been divided into two strata; one is Large College and other Small college. Large Colleges are those, which have enrolment of 3000 or more and the remaining are Small colleges. In absence of a priori information, it may be assumed that all large colleges have uploaded the data i.e. in the population the number of large colleges is equal to the number of such colleges that have uploaded DCF-II. Thus, we have avoided over estimation of enrolment of colleges. Average enrolment at a

A Off-Campus Centre/ PG Centre is a centre of the University established by it, outside the main campus (within or outside the state) operated and maintained as its constituent unit, having the University's complement of facilities, faculty and staff. A Recognised Centre is an institution attached with the University for the purpose of awarding degree in respect of programmes being run in these institutions. e.g. Army Cadet College Wing, Indian Military Academy, Dehradun is not affiliated with any University but the degree in respect of Programmes run in the institute are awarded by Jawaharlal Nehru University.

particular Level for the colleges of a particular University has been taken to estimate the enrolment of all colleges of that University. Further, for those Universities, where affiliated colleges' response was less than 10%, state level averages have been used. This method was used as within a university there is homogeneity in nature of colleges. The Estimation formula is given at Annexure-6.

Based on the methodology explained above, state-wise total enrolment in colleges at different levels are given in Table 10. Actual enrolment in case of Affiliated Colleges, Constituent Colleges, PG/Off-Campus Centres and Recognised Centres are shown in Table 8. State-wise Coefficient of variances of enrolment of small colleges at Post Graduate and Under Graduate levels are shown in Annexure-7.

The coefficient of variation (CV) is defined as the ratio of the standard deviation  $\sigma$  to the mean  $\mu$ :

$$C_v = \frac{\sigma}{\mu}$$

It shows the extent of variability in relation to mean of the population. Thus any value less than 0.05 indicates high homogeneity in the sample and high reliability of estimates based on the sample.

No .F. 2-5/2010-Stat.  
Government of Indi  
Ministry of Human Resource Development  
Department of Higher Education  
Statistics Division

...

Shastri Bhavan, New Delhi  
Dated the 12<sup>th</sup> August, 2010

Subject: Constitution of a Task Force for All India Survey on Higher Education.

Whereas, the Government has initiated a number of measures for reforming higher education and effective steps required to carry through such reforms are critically dependent on availability of information on various aspects of the status of higher education in the country;

2. And further whereas, planning for growth and development as well as consultation thereof, essentially for enabling the country to achieve targeted Gross Enrolment Ratio of 30% in the eligible age group shall have to be based on a robust data base;

3. And whereas the building blocks of a sound data base of higher education would require an All India Survey involving higher educational institutions including universities, research bodies, statutory councils for higher education, state governments and academics, among others;

4. It has, therefore, been decided with the approval of the competent authority to constitute a Task Force to facilitate an All India Survey on Higher Education with the following terms of reference:-

1. To explore the mechanism of conducting All India Survey on higher education.
2. To identify the implementation agency to conduct the survey.
3. To prepare the modalities to conduct the survey which include method of survey, implementation plan (road-map), data capture format (DCF), software development, tabulation plan, the plan for analytical report and budget etc.
4. To monitor the implementation of the survey till its completion.
5. To publish the result of the survey through analytical table etc.
6. To give recommendations on any other relevant and incidental matter.

The composition of the said Task Force shall be as under:

1. Additional Secretary (HE), Department of Higher Education, MHRD	Chairman
2. Deputy Director General (Statistics), Department of Higher Education, MHRD	Member Secretary
3. Secretary, UGC	Member
4. Member Secretary, AICTE	Member
5. Secretary, Medical Council of India	Member
6. Joint Secretary, Department of Agriculture Education & Research, Ministry of Agriculture	Member
7. Deputy Director General, National Statistical Commission	Member
8. Vice-Chancellor, NUEPA	Member
9. Principal Secretary (Higher & Technical Education), Government of Delhi	Member
10. Registrar, University of Delhi	Member
11. Registrar, Guru Govind Singh Indraprastha University, Delhi	Member
12. Registrar, IGNOU, Delhi	Member
13. Deputy Director General, NIC	Member

3. The Task Force shall have powers to co-opt additional members/special invitees as and when such need arises.

4. The expenditure on TA/DA to official members in connection with the meetings of the Task Force will be borne by the parent departments/organizations to which the member belongs. Non-official members (if co-opted) will be entitled to TA/DA (including air freight) as admissible to group 'A' officers of the Government of India and this expenditure will be borne by MHRD, New Delhi.

5. Secretarial assistance to the Task Force will be provided by the Statistics Division of MHRD, New Delhi.

6. The Task Force shall submit its preliminary recommendations to the Ministry to operationalize the survey within 2 months from the date of issue of this Notification.

(Vijay P. Goel)

Deputy Director General

## CONCEPTS AND DEFINITIONS

### HIGHER EDUCATION

For the purpose of this Survey, Higher Education is defined as the education, which is obtained after completing 12 years of schooling or equivalent and is of the duration of at least nine months (full time) or after completing 10 years of schooling and is of the duration of at least 3 years. The education may be of the nature of General, Vocational, Professional or Technical education

### I. TYPE OF INSTITUTIONS

All Institutions, where higher education as defined above is imparted, will be covered in the Survey. The Institutions, covered in the Survey has been classified into three broad categories:

- (1) University/University Level Institutions
- (2) Colleges/Institutions - affiliated/recognised with University
- (3) Stand alone Institutions - not affiliated/recognised with University

#### (1) University/University Level Institutions

Under the University Grants Commission (UGC) Act, 1956, "*University*" means a University established or incorporated by or under a Central Act, a Provincial Act or a State Act, and includes any such institution as may, in consultation with the University concerned, be recognized by the Commission in accordance with the regulations made in this behalf under this Act.

**Various Provisions under UGC Act, 1956, which are relevant for the Survey are mentioned below:**

Under Section 22(1) of UGC Act, 1956, *the right of conferring or granting degrees shall be exercised only by a University established or incorporated by or under a central Act, a Provincial Act, a State Act or an institution deemed to be a University under section 3 or an institution specially empowered by an Act of Parliament to confer or grant degrees.*

Under Section 22(2) of UGC Act, 1956 states that *Save as provided in sub-section (1), no person or authority shall confer, or grant, or hold himself or itself out as entitled to confer or grant, any degree.*

Section 12 of the UGC Act, 1956 states Power and Functions of the University Grants Commission:

*It shall be the general duty of the Commission to take, in consultation with the Universities or other bodies concerned, all such steps as it may think fit for the promotion and co-ordination of University education and for the determination and maintenance of standards of teaching, examination and research in Universities, and for the purpose of performing its functions under this Act, the commission may :*

*(h) collect information on all such matters relating to university education in India and other countries as it thinks fit and make the same available to any university;*

*(i) require a University to furnish it with such information as may be needed relating to the financial position of the University or the studies in the various branches of learning undertaken in that University, together with all the rules and regulations relating to the standards of teaching and examination in that University respecting each of such branches of learning.*

Thus the following degree awarding Institutions are covered in this category:

1. **Central University** - A university established or incorporated by a Central Act.
2. **State University** - A university established or incorporated by a Provincial Act or by a State Act.
3. **Open University** - A University which imparts education exclusively through distance education in any branch or branches of knowledge.
4. **Private University** - A university established through a State/ Central Act by a sponsoring body viz. a Society registered under the Societies Registration Act 1860, or any other corresponding law for the time being in force in a State or a Public Trust or a Company registered under Section 25 of the Companies Act, 1956.
5. **Deemed University** - An Institution Deemed to be University commonly known as Deemed University refers to a high-performing institute, which has been so declared by Central Government under Section 3 of the University Grants Commission (UGC) Act, 1956.
6. **Institute of National Importance** - An Institution established by Act of Parliament and declared as Institution of National Importance such as All Indian Institute of Technology (IIT), National Institute of Technology (NIT).
7. **Institute Under State Legislature Act** - An institution established or incorporated by a State Legislature Act such as *Nizam's Institute of Medical Sciences, Hyderabad; Sri Venkateswara Institute of Medical Sciences, Tirupati; Shere-e-Kashmir Institute of Medical Sciences, Srinagar; Indira Gandhi Institute of Medical Sciences, Patna; Sanjay Gandhi Post Graduate Institute of Medical Sciences, Lucknow.*
8. **Other Institute** - An institution not falling in any of the above category but established through State/ Central Act and are empowered to award degrees e.g. *National Institute of Fashion Technology* established through an Act of Parliament.

## 2. Colleges/Institutions affiliated/recognised with University

These are institutions which can run degree programmes but are not empowered to provide degree on their own and are necessarily have to be attached with some University/University level institution for the purpose of awarding degree. For the purpose of the survey these institutions have been classified as under:

**2.1 Colleges Affiliated with University/ University level Institutions** - Under Section 12A(1)(b), *College means any Institution, whether known as such or by any other name which provides for a course of study for obtaining any qualification from a university and which, in accordance with the rules and regulations of such university, is recognised as competent to provide for such course of study and present students undergoing such course of study for the examination for the award of such qualification.* These are the institutions established or maintained by, or admitted to the privileges of the University.

Colleges can be of two types:

- (i) University/ Constituent College - A college maintained by the University
- (ii) Affiliated College

Some colleges are given **Autonomous Status**. UGC has introduced a scheme of Autonomous colleges keeping in view the objectives of the National Education Policy (1986-92).

All Colleges under Section 2(f) & 12(b) of the UGC Act are eligible under the Scheme.

Criteria for identification of institutions for grant of autonomy are as follows:

- a. Academic reputation and previous performance in university examinations and its academic/co-curricular/extension activities in the past.
- b. Academic/extension achievements of the faculty.
- c. Quality and merit in the selection of students and teachers, subject to statutory requirements in this regard.
- d. Adequacy of infrastructure, *for example, library, equipment, accommodation for academic activities, etc.*
- e. Quality of institutional management.
- f. Financial resources provided by the management/state government for the development of the institution.
- g. Responsiveness of administrative structure.
- h. Motivation and involvement of faculty in the promotion of innovative reforms.

The Parent University awards degrees to the students, evaluated and recommended by colleges. Autonomous colleges that have completed three year terms can confer the degree under their title with the seal of the university.

**2.2 Institutions Recognised by the University:** These are the institutions attached with the University for the purpose of awarding degree in respect of programmes being run in these institutions. *e.g. Army Cadet College Wing, Indian Military Academy, Dehradun is not affiliated with any University but the degree in respect of Programmes run in the institute are awarded by Jawaharlal Nehru University.*

**2.3 Off-Campus Centre/ PG Centre -** A centre of the University established by it, outside the main campus (within or outside the state) operated and maintained as its constituent unit, having the University's complement of facilities, faculty and staff.

**2.4 Off-shore Campus -** A campus of the Private University or Deemed to be University established by it outside the country, operated and maintained as its constituent unit, having the University's complement of facilities, faculty and staff.

**2.5 Regional Centre -** A centre established and maintained or recognized by the University for the purpose of the coordination of the functioning of the Study Centres in the region, advising, counseling or for rendering any other assistance required by the students used in the context of regular/ distance education.

**2.6 Study Centre -** A centre established and maintained or recognized by the university for the purpose of advising, counseling or for rendering any other assistance required by the students.

**Evening College -** The College in which education is imparted in the evening. It may be noted that in a few colleges, using the same infrastructure, education is imparted in two sessions-morning or day and evening. Generally, for all practical purposes these are treated as two colleges.

### **(3) Stand alone Institutions not affiliated/recognised with University**

There are several institutions which are outside the purview of the University & College. These Institutions generally run Diploma/PG Diploma level programmes for which they require recognition from one or other Statutory Bodies. **For the purpose of this survey, such Institutions will be referred as Stand-alone Institution.** Such Institutions mainly fall under following categories:

- Indian Institute of Management (IIM) awarding PG Diploma in Management of two years duration whose entry qualification is Graduate.
- Diploma awarding Institutions under the control of All India Council for Technical Education (AICTE) *e.g. Lal Bahadur Shastri Management Institute awarding PG diplomas in Management of two years duration whose entry qualification is Graduate.*

- Diploma awarding Institutions under the control of Indian Nursing Council (INC).
- Government or Government recognised Institutions to conduct Teachers Training courses whose entry qualification is 10+2 e.g. *District Institute of Educational and Training (DIET) or similar institutes.*
- Polytechnics.
- Company Secretary, Chartered Accountancy, Actuarial Science etc.

**Institution for Women:** An Institution which enrolls only female students in all its programmes is categorised as **Institution for Women**. Such institutes may or may not have male teaching and non-teaching staff.

## II. FACULTY, DEPARTMENT AND PROGRAMME

**Faculty** - A Faculty of Studies of the University.

**Department** - A Department of Studies and includes a Centre of Studies.

For the purpose of survey, the **School** will be treated similar to Faculty and Centre will be treated similar to the Department.

**Programme** - It is a course of study for which Degree or Certificate is awarded by the Institution. A Programme of study is the approved curriculum followed by an individual student such as B.A, M.A, MBA etc.

### Levels of Programmes:

1. **Under-Graduate** - Programme after 10+2 and generally having the duration of 3/4/5 years, in General or Professional courses.
2. **Post-Graduate** - Programme after Graduation and generally having the duration of 2/3 years in General/Professional courses.
3. **M.Phil** - Programme after Post-Graduation and generally having the duration of 1/2 years and are pre-research course.
4. **Ph.D** - Programme after M.Phil or Post-Graduation and generally having the duration of 2/3/4/5 years.
5. **Post Graduate Diploma** - Programme generally after 10+2 or after Graduation in General and Professional courses and having duration of 1/2/3 years.
6. **Diploma** - Programme generally after 10+2 or after Graduation in General and Professional courses and having duration of 1/2/3 years.
7. **Certificate** - It is a Programme similar to Diploma, but is awarded a Certificate by the Institution.

8. **Integrated/Dual Degree** - It is a Programme leading to Post-Graduate Degree and/or Research Degree. Generally it is a combination of two degree programmes e.g. M.Tech Ph.D, B.A. LLB, M.Sc. Ph.D, B.Tech M.Tech etc.

**Discipline** - An academic discipline or field of study is a branch of knowledge that is taught and researched at the Institution. There are large numbers of disciplines, which are taught in various Institutions and their nomenclature varies from Institution to Institution.

*For example in case of M.A. in Geography, M.A. is a Programme and Geography is a discipline.*

### III. MODE OF HIGHER EDUCATION

**Regular Mode i.e. Formal system of Higher Education** - Education provided in the system of Colleges, Universities and other formal educational institutions where the students getting education in a classroom in direct contact with the teachers and also make use of other infrastructure facilities like laboratories, library etc to enhance its learning capacity.

**Self-Financing Courses in Regular Mode** - Government Aided Universities/Colleges/Institutions conducting certain career oriented courses without the financial support of the Government. The recurring expenditure to run these courses is being met by students' fees etc.

**Distance/Correspondence Mode i.e. Non-Formal system of Higher Education** - The system of imparting education through broadcasting, telecasting, internet, correspondence courses, seminars, contact programmes or the combination of any two or more such means of communication.

### IV. MANAGEMENT OF UNIVERSITY /COLLEGE/INSTITUTION

**Central Government** - Universities/Colleges/Institutions which are maintained by Central Government whether directly or indirectly *e.g. University of Delhi is a Central University. Dyal Singh College is a University College of University of Delhi which is getting maintenance grant from UGC.*

**State Government** - Universities/Colleges/Institutions which are maintained by State Government whether directly or indirectly *e.g. Choudhry Charan Singh University, Meerut is a State University getting maintenance grant from Uttar Pradesh Government.*

**Local Body** - Colleges/Institutions which are managed by the local body such as Panchayats (as defined in Art 243 read with 243 B of the Constitution), Municipalities (as defined in Article 243 P read with 243 Q of the Constitution), Cantonment Boards, Town Area Committees and any other bodies of the local self government constituted under a law. *e.g. Firoz Gandhi College & C.P.Verma College, Patna affiliated to Magadh University.*

**Private Aided** - Institutions, which are managed by an Individual, Trust, Society or Other Private Organization and receive regular maintenance grants from Government or Local Body. *e.g. Hindu College, Delhi affiliated to University of Delhi.*

**Private Un-aided** - Institutions, which are managed by an Individual, Trust, Society or Other Private Organization, which is either not receiving any grant or in receipt of one-time ad-hoc grant for a specific purpose like building construction, strengthening of library or laboratory, one-time subsidy towards teacher salary etc., but not receiving regular maintenance grant. *e.g Chanchalben Mafatlal Patel College of Nursing, Ahemadabad.*

## V. STUDENT

**Student** means a student of the Institution and includes any person who has enrolled himself/ herself for pursuing any programme of study conducted by the Institution.

**Foreign Student** means those students who are citizens of a country other than India.

**Students' intake** is annual permitted strength for a particular programme of study which means the number of seats in a programme.

**Students' enrolment** is total students on roll in a Programme as on 30<sup>th</sup> September of the academic year, as explained below through an example:

Programme: MCA Duration: 3 years

<u>Year</u>	<u>Students enrolled</u>
1 <sup>st</sup> Year	30
2 <sup>nd</sup> year	29
3 <sup>rd</sup> year	28
<b>Total Enrolment</b>	<b>87</b>

## VI. TEACHING STAFF

Teacher is defined as a faculty/staff assigned the professional activities of instructing pupils, providing knowledge and giving guidance in the subject area of studies in self

contained classes or courses or in class room situations. Generally the designation of teaching staff are Vice-Chancellor, Director, Pro-Vice-Chancellor, Principal, Professor & Equivalent, Associate Professor, Reader, Lecturer (Selection Grade), Assistant Professor, Lecturer (Senior Scale), Lecturer, Tutor, Demonstrator, Part-Time Teacher, Ad hoc Teacher, Temporary Teacher, Contract Teacher, Visiting Teacher.

**Sanctioned strength of Teaching Staff** means the number of posts sanctioned designation-wise like Professor, Associate Professor and Assistant Professor etc.

**Existing strength (Teachers in position)** means the number of teachers currently in position against each post working in the University/Department on a particular date.

**Career Advancement Scheme (CAS)** is a scheme of UGC to promote Teachers from a few selected stages to higher stages.

**Grade Pay** - Grade Pay is a fixed amount attached to each post in the hierarchy. Grade pay determines the status of a post.

## VII. NON-TEACHING STAFF

**Non-teaching staff** are staff other than Teaching staff engaged in Administrative, Secretarial, Laboratory, Library work etc. of the University/ Institution/ College in different level Groups i.e. Group A, Group B, Group C and Group D as defined by Department of Personnel & Training.

## VIII. RESERVATION

**Person with Disability (PWD):** A person suffering from a disability as defined in the "Persons with Disabilities (Equal Opportunities, Protection of Right and Full Participation) Act, 1995". As per Section 2 of this Act:

"Person with disability" (PWD) means a person suffering from not less than forty per cent of any of the following disabilities as certified by a medical authority;

- i. Blindness;
- ii. Low vision;
- iii. Leprosy-cured;
- iv. Hearing impairment;
- v. Locomotors disability;
- vi. Mental retardation;
- vii. Mental illness;

**Other Backward Classes** means the class or classes of citizens who are socially and educationally backward, and are so determined by the Central/ State Government.

**Scheduled Castes** means the Scheduled Castes notified under article 341 of the Constitutions.

**Scheduled Tribes** means the Scheduled Tribes notified under article 342 of the Constitution.

**Religious Minority:** Five religious communities, viz; Muslims, Christians, Sikhs, Buddhists and Zorastrians (Parsis) have been notified as minority communities by the Union Government.

## **IX. EXAMINATION RESULTS**

**Out-Turn** means number of final year students of a particular programme, who have successfully completed the programme i.e number of students who have passed the final year examination of the programme.

## **X. REFERENCE PERIOD**

**Academic Year** - The academic year is the period, during which one year or two semesters or three trimester of a Programme is completed.

**Financial Year** - The financial year is the period from 1<sup>st</sup> April of the Year to 31<sup>st</sup> March of the next year.

**Reference Date** - 30<sup>th</sup> September of the Academic year is taken as the reference date for filling up the all the Blocks of DCF, except the block on Examination Results and Financial Information. Generally all the admissions in various courses in a University, College & Stand alone Institutions are completed before 30<sup>th</sup> September. Reference period for financial data is Financial Year and for examination result is Academic Year.

**Examination Year** - It is the academic year prior to the reference date, for which Examination Results are declared. Examination results include the final and supplementary examination conducted during that year. In case of Ph.D, the out-turn is the number of students, who are awarded degree during two convocations falling prior to the reference date.

## List of Officers Involved in All India Survey on Higher Education 2010-11

### Ministry of Human Resource Development

1. Dr. Vijay P. Goel, Deputy Director General
2. Shri Sanjay, Director
3. Ms. Bindu Sreedathan, Director
4. Ms. Ruchika Gupta, Joint Director
5. Shri Ram Swaroop, Assistant Director
6. Shri VB Sharma, Senior Statistical Officer
7. Shri Saurabh Arora, Junior Statistical Officer

### University Grants Commission

1. Shri M.S. Yadav, Chief Statistical Officer
2. Shri Subhash Chander

### National Informatics Center

1. Shri Anshul Agarwal, Senior Technical Director
2. Smt Rachna Srivastava, Senior Technical Director
3. Shri Lal Chand, Technical Director
4. Shri Sunny Jaiswal, Scientific Officer
5. Shri Bhanu Prakash, Scientific Officer
6. Shri Ajay Sharma, Scientific Officer
7. Ms. Rekha Rani, Scientific Officer
8. Ms. Iha Jain, Scientific Officer

### State Level Officers

Andhra Pradesh	Shri Yada Reddy Shri Damodar Ingley Shri Nagavelli Prakash	Mizoram	Shri Jamal Hussain Shri Zochungnunga Shri Mal Thangi
Arunachal Pradesh	Shri Vishwa Sharma Shri Niranjana Choursia	Nagaland	Shri Rokono Shri Unoto Kinimi
Assam	Shri Phanindra Jidung Ms. Chandita Baruah Ms. Kumkum Sinha	Odisha	Dr. Rashmi Mishra Shri Dilip Kumar Mallick Ms. Jaya Hiranmaya Biswal Shri Narayan Chandra Jena
Bihar	Shri Veda Nand Mishra, Shri Mukesh Chandra Verma Ms. Kumari Anima Ms. Subhadra Kumari Shri Syed Moin	Punjab	Shri Jagdeep Singh Shri Mohinder Singh
Chhattisgarh	Shri Samarendra Singh Ms. Rashmi Pradhan Ms. Santosh Tamboli	Rajasthan	Dr. Pankaj Mathur Shri Dinesh Bohra Rajasthan Nursing Council Shri Bhanwar Sandhu
Goa	Ms. Deepti Kankonkar Shri Richard Cabral	Tamil Nadu	Shri P.M. Kavimani Shri A.M. Rafeek Ms. Josephine Reni Little Flower Shri R Pandurangan
Gujarat	Shri Shailesh Bhavsar	Tripura	Shri Rajesh Bhattacharjee

	Shri Balbhadrasinh Gohil Shri Nimesh Patel Ms. Minaxi Trivedi		
Haryana	Shri Arun Joshi Shri Umesh Saroj Shri Ashok Yadav	Uttar Pradesh	Shri Alok Srivastava Shri Madhukar Sharma Shri Istiyak Ahmad
Himachal Pradesh	Shri Dinkar Buradhoki Shri P.P. Sharma Dr. Ramesh Verma	Uttarakhand	Dr. Chandra Datt Suntha Dr. K.L. Bisht Shri Sunil Kumar Shri Alok Tomar Shri Madan Joshi
Jammu & Kashmir	Shri Rakesh Gandotra	West Bengal	Ms. Tanima Ray Ms. Barnali Mukherjee
Jharkhand	Shri Ramesh Pandey	A&N Islands	Shri Joy B
Karnataka	Shri C.R. Francis Dr Nijagal H Siddalingaswamy Shri Muninarayanappa Shri Kallinath Madhavanavar	Chandigarh	Ms. Nandita Singh Sri Arun Bansal
Kerala	Shri Suresh Ms. Lathe R Shri Letha J Ms. C Bindu	Daman & Diu	Shri Kirtikumar Patel Shri Lalit Solanki
Madhya Pradesh	Shri Rakesh Srivastava Ms. Rajkumari Thakur	Delhi	Shri Vijendra Kumar Ms. Bani Baral Ms. Sneh Manocha Ms. Sarita
Maharashtra	Dr. Prakash R. Gaikwad Shri Bhishm Biradar Shri Narendra Patil Shri Manik Bangar	Puducherry	Shri Vaittianadanes S
Meghalaya	Smt. W.M. Shullai Shri B.N. Lamare Ms. Ivory Kharguit

West Bengal	Indian Statistical Institute, Kolkata (Id: U-0574)

### Estimation Formula

Estimated enrolment at  $l^{\text{th}}$  Level for  $k^{\text{th}}$  Type of college in  $i^{\text{th}}$  State,

$$E_{ikl} = \sum_{j=1}^{u_i} \frac{N_{ijk}}{n_{ijk}} \sum_{c=1}^{n_{ijk}} e_{ijklc}, \quad i = 1, 2, \dots, 35$$

where,  $e_{ijklc}$  = Enrolment in  $c^{\text{th}}$  College at  $l^{\text{th}}$  Level in  $k^{\text{th}}$  Type in  $j^{\text{th}}$  University in  $i^{\text{th}}$  State,

$n_{ijk}$  = Number of responding colleges of  $k^{\text{th}}$  Type in  $j^{\text{th}}$  University in  $i^{\text{th}}$  State,

$N_{ijk}$  = Total number of colleges of  $k^{\text{th}}$  Type in  $j^{\text{th}}$  University in  $i^{\text{th}}$  State,

$u_i$  = number of University in  $i^{\text{th}}$  State,

$k = 1, 2, 3 \text{ \& } 4$ ;     1, 2, 3 & 4 stands for Affiliated college, Constituent college, PG/Off-Campus Centre & Recognised Centre respectively,

For,  $k=2, 3, 4$ ,      $n_{ijk} = N_{ijk}$

$l = 1, 2, \dots, 8$ ;     1, 2, 3, 4, 5, 6, 7 & 8 stands for Ph.D., M.Phil, Post Graduate, Under Graduate, PG Diploma, Diploma, Certificate & Integrated respectively.

Total Estimated enrolment at  $l^{\text{th}}$  Level

$$E_l = \sum_{i=1}^{35} \sum_{k=1}^4 E_{ikl}$$

Estimation to be made for those Levels, for which sufficient response has been received. Where, Coefficient of Variation is high and  $n_{ijk}$  is small, no estimation is proposed.

When response within University is less than 10%, ( $n_{ijk}/N_{ijk} < 0.10$ ), the following assumption is made:

$$\frac{1}{n_{ijk}} \sum_{c=1}^{n_{ijk}} e_{ijklc} = \frac{1}{\sum_{j=1}^{u_i} n_{ijk}} \sum_{j=1}^{u_i} \sum_{c=1}^{n_{ijk}} e_{ijklc}$$

## Coefficient of Variances (CV) of enrolment in Small Colleges
