

State Resource Centre for Women (SRCW)
Guidelines

1. Project description:

At the state level, the State Resource Centre for Women (SRCW) under the State Government (Department of WCD/Social Welfare) will work towards implementing gender sensitive programmes, laws and schemes through effective coordination at the State/UT level. SRCW may review and evaluate existing policies, programmes and legislations so that activities which are cross-cutting and multi-disciplinary in nature synergise harmoniously to reach women beneficiaries.

2. Structure and Functions:

A State Mission Authority (SMA) in each state /UT will provide overall guidance and monitoring of the Scheme at the State/UT level. The State Resource Centre for Women (SRCW) notified by the respective State Govt./UT Admn shall function under the Department of WCD/Social Welfare of the respective State Government/UT Adm.

SRCW shall consist of the following five positions i.e. State Project Coordinator -1; Specialist Gender -1; Specialist Training – 1; Research Officer -1 and Assistant (Training & Documentation) -1 who shall be engaged to support the Department of WCD/Social Welfare on women related issues and undertake research and training and capacity building on issues pertaining to women's empowerment.

SRCWs in consultation with key stakeholders will prepare State Action Plans for respective States/UTs with a focus on women's issues and provide technical support and coordination for implementation of the BBBP scheme while working in coordination with the State Task Force mandated under the said Scheme. Further, SRCWs will also facilitate the implementation of the Poorna Shakti Projects (in select districts) and also support the

implementation of the Village Convergence and Facilitation Service (VCFS) in 100 gender critical districts..

3. Objectives:

SRCWs are mandated to give focused attention to inter-sectoral issues affecting women by undertaking research, maintaining gender related data and engage in training and capacity building programs to enable greater understanding on women's issues especially bringing the discourse on women belonging to vulnerable and marginalized communities on the forefront. It aims to:

- Function as the technical body to support the implementation of women centric schemes at the state level and undertake measures to improve the effectiveness of such programmes through convergence initiatives.
- Create an environment through awareness generation to fuel demand by women for schemes/programmes and facilitate the process through which the gap between demand and supply can be reduced.
- Regularly review and evaluate existing policies, programmes and legislations impacting women and bring suitable recommendations before the State Government/UT Adm.
- Develop and implement gender sensitive training & capacity building modules. The strategy needs to factor in the requirements of diverse stakeholders (elected representatives, government officers, staff including field functionaries, women's collective members and individuals), training needs (sensitization, awareness generation, technical skills, behavioral change), modalities (either directly or through agencies) etc.
- Develop different strategies for women empowerment such as enhancing livelihood options for women using the women collectives including promoting SHG federations, producer companies of women etc. Carry out public service campaign, workshops, awareness generation about the different programs/schemes, health and education through suitable media strategy to achieve the mission objectives. Design and implement the Information Education and Communication (IEC) strategy to generate awareness about issues facing

women including “patriarchal beliefs” that impedes all round development of women.

4. Key Strategies:

- Prepare Action Plans based on women issues specific to the State/UTs with the approval of State Department of Social Welfare/Women & Child Development.
- Identify steps and undertake measures to improve the effectiveness of government programmes from the perspective of impact on women. This will cover facilitating changes in policies, design and implementation of programmes.
- Identify existing or potential problems in achieving convergence of government programmes, schemes and services; it will involve coordination with different departments/agencies/missions in the state to identify factors in the design, process and delivery of schemes/legislations that hinder convergence and facilitate in adoption of appropriate suggestive measures.
- Liaise with the existing institutions and structures (Gender cells within Departments) for monitoring and reviewing government schemes with a gender perspective. It will also develop partnership models with Panchayati Raj Institutions (PRIs), CSOs and Private Sector for initiating activities that promotes women’s empowerment.
- Identify best practices (Government, CSO, PRI) in various sectoral areas like health, education, microfinance, livelihoods, etc. from a gender perspective, document initiatives and disseminate within the state.
- Undertake innovative measures and practices to promote convergence and coordination of schemes, programmes and services that effect women at different levels. (State, District, Block and Village).
- Send regular reports on the operations of the project in the state and contribute to the national repository of information of best practices maintained by NMEW.
- Prepare and submit the following reports/documents: annual and quarterly work plans, annual and quarterly progress reports and update on monitoring plans and any other report as required by the NMEW from time to time.
